WILL DREDGE LAKE MERRITT.

Council Sets Aside a Fund For the Much Needed Work.

Park Will Be Constructed on the Marsh Land Below the Dam.

Lake Merritt will be dredged; the contaminated marsh land between Eighth and Twelfth streets will be filled in; Twelfth street dam will be raised to the level, widened to 150 feet, and a waterway constructed beneath it. All of these great and needed improvements are now assured, through the passage by the City Council last evening of a tax levy ordinance apportioning 15 cents of the assessment of each $100 worth of city property to the park and boulevard fund. The determined work of a band of progressive and influential citizens, who united, forming the Lake Merritt Santiary and Improvement Club, is about to be crowned with success, and one of the greatest menaces to the health of the community will be removed forever.

The matter came up first before the Ordinance and Judiciary Committee, which met at 7 o'clock with Councilman Con Brosnahan in the chair. The bids for the work, as received by the Board of Public Works and published at the time in the Tribune, were read.

According to the bid of Quimby & Harrelson, no provision was made for building the retaining walls, while that of O. J. Johnson provided that the work was to be done according to the plans on file.

After some little discussion, Councilman Henneberry declared that it would be necessary to await the action of the Council on the tax levy, before any definite proposition could be made by the committee, and so he moved that the matter lay over.

Councilman Brosnahan declared that there were but ten days from the filing of the bids in which to take action. This brought out a suggestion from Councilman Cuvellier that the bids be taken up later in the evening, after the Council had fixed the levy. This was agreed to, and the committee temporarily adjourned.

When the Council was called to order, Councilman Watkinson assumed the chair, to allow Councilman Heitmann an opportunity to present a schedule for a levy which had been prepared.

HEITMANN'S REMARKS.

Mr. Heitmann prefaced the presentation of the document by saying:

"In determining the amount of money necessary, I have figured upon the bids for the dredging of Lake Merritt, as filed with the Board of Public Works. This proposed levy provides for a fund of 15 cents on the $100 of taxable property for the Park and Boulevard Fund, which will give a sufficient sum for the dredging of Lake Merritt, putting gates under Twelfth street dam, and filling in the marsh between Eighth and Twelfth streets. This also provides for a reduction of four cents in the sewer fund. The fifteen cents proposed is for no other purpose than parks and boulevards.

The schedule was then presented to the Clerk, and President Heitmann took the chair. Councilman Girard offered a schedule he had prepared, which provided but ten cents for the Park and Boulevard Fund. When the consideration of this point arrived on the Heitmann schedule, Girard moved that the fifteen cents be reduced to ten cents, declaring that would provide $40,000, whereas the lowest bid showed $30,000.

"In figuring on this matter," said President Heitmann, "I considered the lowest bidder, where the lake was to be dredged, gates put in, and a park provided. I think it is a cheap investment for the city, for it is a gain of a twenty-acre park."

Councilman Cuvellier expressed himself as follows:

"I think it is a poor business proposition to lose the chance of acquiring those twenty acres. The taxpayers I have talked with are satisfied as long as they see something tangible for the money expended. It is my firm conviction that the park should be acquired. However, I ask for information, does it require fifteen cents to accomplish this work entirely?"

"We ought to have $1,300 more," announced Councilman Woodward. "This gives us $63,576 to use, and what we get, besides abating the great nuisance, is a park of twenty acres, worth to the city $80,000, with beautiful driveways. It will be an ornament to the city we can be proud of."

Councilman Girard then spoke up.

"I am in favor of the matter," he said, "but five cents additional is too much; twelve cents will do the work and give us the twenty acres of land."

"Where are the necessary gates?" was asked.

"Oh, that can come later," said Girard, as he took his seat, evidently realizing the force of the argument.

The apportionment was then adopted at fifteen cents, and the reading of the levy continued.

At this juncture, City Engineer Clement was given the privilege of the floor.

"Last night," he said, "I came in late, after it had been said that the 'City Engineer had slipped a cog' in his estimate of $80,000 for this work. I understood there were 550,000 cubic yards of mud to remove, and it is reasonable to suppose this could be done at the rate of twelve cents. The contractor who bid so low had evidently arranged to have some of the property owners bordering on the lake pay for mud dumped on their premises. However, the estimate of $80,000 did not come from our office at all. At the presumed rate, and the other necessary improvements to be made, I don't think the City Engineer's estimate would be so very far off after all."

DOWN TO BUSINESS.

After the Council adjourned the Ordinance and Judiciary Committee again met, and Chairman Brosnahan asked what disposition should be made of the bids. Expressions of opinion were called for. Captain Goodall was the first speaker.

"We have given a great deal of thought to this matter," he said, "and what the club would be glad to have adopted is the bid for the dredging of the lake, the building of a bulkhead and the filling in of the tract between Eighth and Twelfth streets, which has been offered to the city at no cost. More than that—this work is an absolute sanitary necessity. It is a perfect nuisance as at present, and ought to be abated. The plan proposed will throw the canal on the east side, supply gates for the lake and estuary and the city will get a beautiful park. When this is worked out, I feel confident the citizens will feel grateful for what has been done. Therefore we desire this committee to recommend that the Board of Public Works accept a bid which will accomplish these results."

Councilman Heitmann next took the floor.

"If it is the concensus of opinion of the committee that the Board of Public Works be recommended to fill in the park land, then that is all we have to do with the matter and we will leave the Board to accept whatever bid it desires."

Mayor Thomas announced that it was the intention of the Board of Public Works in referring the bids to the Council to get ideas as to whether the low bid, with the contractor furnishing the dumping ground, or the higher bid, with its ultimate benefits to the city, was the one which should be accepted.

"I think any member of the Board of Public Works would be blind to accept a bid for less money and have nothing when the work is completed, when we can pay a little more and get something of value. I think both the dredging of the lake and the filling of the park site go together," declared the Mayor. This speech was greeted with applause.

Councilman Heitmann moved that the committee recommend that a bid completing the work between Eighth and Twelfth street be accepted. In voting on the motion Councilman Henneberry said:

"The proposition of acquiring this land, at the same time abating a nuisance, is the grandest features of this whole matter. Great credit is due the Peralta Heights Improvement Club for providing $5,000 for purchasing this land to deed to the city. The city should accept it."

The Mayor suggested to the Lake Merritt Sanitary and Improvement Club that it would be a wise idea to secure a strip of private land on the south side of the dam, so that that also could be filled in. Captain Goodall answered that the matter was now under consideration. The Captain also said a few words in behalf of Engineer Clement, declaring that he was not responsible for any over-estimate in the preliminary figuring and that the responsibility should be shifted to the club, inasmuch as in the anxiety to get something definite at once the club had taken old data to work by, which would bring the cost to $80,000.

A resolution was then adopted unanimously recommending that the Board of Public Works, in awarding the contract for the dredging of Lake Merritt, give the preference to the bidder who will construct a retaining wall between Eighth and Twelfth streets and fill in the space with mud pumped from the lake.

COMMISSIONERS MAKE CHANGES.

The Local Fire Department Comes in For a Little Shake-Up by the Board.

The changes prophesied by the Tribune in the Fire Department several weeks ago took place this morning and occasioned one of the liveliest meetings of the Fire and Police Commissioners which has been held for sometime. The changes were made upon the recommendation of Chief Ball and were of the sweeping character that has not taken place in the same department for years. Some of the attaches were removed for cause, while others were promoted to vacant positions and others still were transferred to different and similar positions in other companies and apparatus.

The changes were made by the votes of Commissioners Thomas and Clement in the affirmative. Commissioner Dow voting in the negative. Mr. Dow bitterly opposed the changes, declaring that the move had been concocted without information, of any kind on the subject having been conveyed to him and that the whole thing was dominated by petty politics. At first it was intended to consider each proposed change separately, but Dow declared that he would vote against the move as a whole. All the changes were there included in, one resolution which was adopted as above indicated, all the recommendations of Chief Ball having been sustained.

The communication of Chief Ball on the subject is as follows:

"I respectfully recommend to your honorable body that the following changes be made in the Fire Department for the welfare and discipline of said department:

"That S. C. King, foreman of Engine Company No. 3 be removed, and A. A. Secotte, extraman of Engine Company 3, be promoted to that position; also that F. Willibrands be appointed extraman vice A. A. Secotte, promoted.

"That M. J. Hanley be appointed extraman of Engine Company No. 3, vice R. A. Hennings, deceased.

"That M. Hallihan, foreman of Engine No. 5, be removed and John Rutherford be appointed to the said position.

"That J. C. Parsons, driver of Engine No. 5, be removed and William Hamb be appointed to said position.

"That George Weaver, foreman of Engine Company No. 6, be removed and William McGrath be promoted from extraman of Engine Company No. 4 vice William McGrath, promoted.

"That Leslie Reed, foreman of Truck Company No. 2, be transferred from foreman of said company to extraman of Engine Company No. 4; and J. J. Mulgrew, extraman of Engine No. 4, be promoted to foreman of Truck No. 2 vice Lester Reed, transferred.

"That J. K. Waddocks, engineer of Elgine Company No. 5, be removed and E. Laperle, engineer of Engine No. 1, be transferred to said position.

"That A. M. Hutchison, be appointed engineer of Engine Company No. 1, vice E. Laperle, transferred.

"I also report that P. C. Smith, extraman of Engine Co. No. 6, has resigned and I recommend that George Driscoll be appointed to fill said vacancy."

As soon as the communication of the chief was read the question of disposing of the several recommendations was suggested. Commissioner Dow made no reference to the subject but said:

"I see you are starting out to do petty politics. This is some more of the star-chamber business. I suppose this was all put up before-hand and that you knew of it in advance, did you?"

Mayor Thomas said: "I guess so."

"You're mighty careful not to have it get out so that nobody would know about it until the whole thing was sprung," said Dow.

The question then occurred upon adopting the recommendation of Chief Ball touching S. C. King, whereupon Commissioner Dow said:

"I'm against it all because I know it has all been agreed upon. There are lots of good men that have been solicited to be thrown out of the department. There is not a disposition to retain a good man. I think it is indecent to sacrifice a good man just in order to do a little petty politics."

There was a ballot taken, and King was removed by the votes of Thomas and Clement, Dow voting in the negative.

Then the second recommendation was reached, and again Dow spoke up.

"There are some good men in the recommendation," he said. "Of course they could not all be bad, but I am going to vote against all of the recommendations because it is an attempt to do petty politics. There is not a charge against any of these men. This scheme has been hatching here for weeks."

It was then decided that the recommendation of the Chief would be acted upon as a whole, and when the resolution was read it was adopted as indicated above by the following vote: Ayes—Clement, Thomas—2. Nay—Dow—1.

There were only a few persons in the lobby at the time, and these were present looking after their interests in matters which were before the Board of Public Works.

ADOPTING RULES.

Then the question of adopting the proposed new rules for the government of the Fire Department, which had been suggested by Chief Ball, came up. A synopsis of the principal changes in them was published in these columns a few weeks ago. The rules had been typewritten, and copies of them lay upon the Commissioners' table. Mr. Dow passed the copy later to Mayor Thomas.

"I have read them all," said the Mayor. "I don't want to read them again."

Mr. Clement took the copy, held it in his hand for a moment, and said:

"I don't need to read them."

Then Mr. Dow took up a copy, glanced in a cursory manner over it and said:

"I am opposed to these rules. In the first place, it is folly to change rules unless there is some improvement made in them. The new rules put the firemen in charge of an extraman, who is only a helper, and who is not always at the house, instead of in the hands of a reliable engineer, who is always there and who ought to have authority. Any man not filling a position in the house ought not to have authority. I understand that this rule takes authority from the engineer and makes him subject to the orders of an extraman from outside. The authority of the engineer ought to be more or less absolute. He is on the ground all the time."

"If the rules do not work satisfactorily," said Mr. Clement, "they can be amended."

"We have good rules now," said Mr. Dow. "What is the necessity of changing them?"

Mr. Clement asserted that the authority was not decisive enough. The rules made two men responsible, and each in time of trouble would try to shirk the responsibility.

Mr. Dow repeated that he thought it wrong to put an extraman in charge at a house when there was a regular employe there who was always on hand.

Mr. Clement said that there was a number of the old rules which were defective.

Mr. Dow asked that they be pointed out.

Mr. Clement said that he could not call them to mind just at present.

Mayor Thomas said he had read the rules over, and that they had been recommended by the Chief of the Fire Department and he was ready to vote for them.

The vote was called on the adoption of the rules, and the motion for their adoption was adopted by the following vote: Ayes—Thomas, Clement—2. Nay—Dow—1.

REPAIRING HARNESS.

Several bills were put in by the Chief of the Fire Department for the repair of horse collars and other pieces of harness.

Mr. Dow asked if there were any contract for the repairing of those goods.

He was informed that there was none.

"Then," said Mr. Dow, "the Chief ought to scatter the orders around. He is giving them to one man, a man named Mueller. It's all right when the work is in the heart of town. Work that is required in East Oakland should be done in East Oakland. Work that is required in West Oakland. Work that is required Oakland."

None of the other members of the Board uttered objection to the suggestion.

CHINA'S EMPEROR A SICK MAN OF THE EAST.

Associated Press Dispatches by the Tribune's Special Leased Wire.

PEKING, Oct. 18 (delayed in transmission.)—At the suggestion of Sir Claude MacDonald, the physician of the French Embassy called on the Emperor to-day and made a minute examination of his majesty in the presence of the Dowager Empress, Prince Ching, and a number of mandarins.

Details as to the specific disease from which the Emperor is suffering were not obtainable, but he is weak and requires constant care. He is in no immediate danger. He was cheerful and showed the utmost deference to the Dowager Empress. The doctor promised to send his majesty a prescription.

SAILORS GO DOWN TO DEATH IN THE DEEP.

Associated Press Dispatches by the Tribune's Special Leased Wire.

LONDON, Oct. 19.—The Norwegian bark Frivold stranded last evening off Spurn Head. The Klinsa Pocket Brigade established communication with her, but before the crew were able to secure the ship the vessel was overwhelmed by a terrific sea, which swept the seven members of the crew overboard, drowning two of them.

The Norwegian barkentine Augvalt has been wrecked off Goudon Harbor. Two of her crew were saved and seven drowned.

The Russian schooner Wilhelm has been wrecked on St. Andrews. Five of her crew were saved and one drowned.

HAROLD FREDERICK, THE NOVELIST, DEAD.

Associated Press Dispatches by the Tribune's Special Leased Wire.

LONDON, Oct. 19.—Harold Frederick, the London correspondent of the New York Times, died to-day at Henley Park. He has been ill for some time but only recently had much improved in health.

[Besides being a brilliant newspaper correspondent, Harold Frederick was a successful writer of fiction, his novel, "The Damnation of Theron Ware," achieving a large sale.]

STEAM YACHT AT THE STORM'S MERCY.

Associated Press Dispatches by the Tribune's Special Leased Wire.

SOUTH NORWALK, Conn., Oct. 19.—A steam yacht was sighted last night, evidently in distress, with her upper rigging, smokestacks and masts gone. Twelve men were counted aboard.

Later the yacht disappeared. Still later the Bridgeport Sound steamer Rosedale put in at Wilson Point and reported that the vessel in distress was the steam yacht Sappho of New York.

The Rosedale also reported that Fleischman's yacht, another New York vessel, was laboring in a very heavy storm.

NEWS OF OUR TROOPS IN HONOLULU.

Associated Press Dispatches by the Tribune's Special Leased Wire.

SAN FRANCISCO, Oct. 19.—The steamer Mariposa, from Australia and Honolulu, arrived to-day, bringing the following advices to the Associated Press from Honolulu, under date of October 12th:

Private James M. Wall, Company C, First New York, is in the military hospital, paralyzed from head to foot. His condition is due to a dive in shallow water, his head coming into contact with a rock at the bottom. He will recover.

There are fourteen patients in the hospital. One is quite low with fever and may die. Malaria, rheumatism and dysentery are the principal ailments. Homesickness does not help matters. The rheumatism patients are all from Northern latitudes, which is considered strange. There is more malaria in the camps than was reasonably to be expected. This is for the most part due to the habits of the men.

Captain Tanner, U. S. N., has made drafts on the public works office here for wharf and excavation plans, so that he may call for bids for United States water front work here upon his return to the Coast. It is now certain that there will be no delay in establishing here a considerable naval station.

Justice W. Frear leaves for Washington to attend sessions of the Hawaiian Commission before Congress assembles. He takes away a huge mass of documents from the Government departments.

ROUND-UP OF NEWS FOR THE POLITICIANS.

Republicans Winning Over Many Fusion Voters

Alliance Club Plans a Big Metcalf and Perkins Rally.

The recent developments in the field of politics are in keeping with those of the past few days. There is nothing particularly new, other than continued deflection from the Democratic and Populist fusion ranks—but then this is not really new, for it has been going on ever since the two parties tried to bite from the same loaf and the Democratic mouth was found to be the larger.

There has been an attempt made to have it believed that the nominees of the Republican party are not acting in harmony in the present campaign, and in this connection it is intimated that County Clerk Frank Jordan and Oscar Rogers, nominee for Sheriff, are not pulling together. That this is not true is known by those who have seen the two together. Both are working for the success of the whole ticket and have so declared innumerable times upon the public stage.

In Alameda Rogers is very strong, while Jordan's personal following there with the well known Republican sentiment of that city assures him a handsome majority in the home district of his only opponent on the conglomerate ticket. Jordan and Rogers unite in declaring rumors of difference to be absolutely without foundation.

J. F. Teague has withdrawn as an independent candidate for the Assembly from the Forty-ninth District, in favor of A. A. McKeen, the Republican nominee.

Last evening the Third Ward Republican Club met and listened to speeches by Frank W. Leavitt, nominee for State Senator; J. W. Stetson, for City Justice; Mortimer Smith, for Justice; A. A. McKeen, who aspires to the Legislature; W. H. L. Hynes, Morris Flynn, Dan Doody, and D. J. Mullens.

A smoker will be held on November 3d.

POLITICAL MEETINGS.

The Forty-ninth Assembly District Republican Club will meet in Hansen's Hall, West Oakland, this evening at 8 o'clock. A number of speakers will be on hand, and all those interested should not fail to attend.

The Sixth Ward Republican Club will hold a meeting Thursday evening at Becker's Hall on Washington street. Senator Fred Stratton, George Samuels and Ben Woolner have been invited to address the meeting. A week from Thursday Assemblyman Judson of Sacramento, who has been stumping the State for Frank Ryan, will address the club.

The directors of the Oakland Alliance are making extensive preparations for a grand Perkins-Metcalf rally at the Macdonough Theater in the near future. According to President Lukens of the Alliance, this will be the most unique political meeting ever held in Alameda county.

After the meeting at the Macdonough Senator Perkins and ex-President of the Alliance Victor H. Metcalf will be banqueted at the headquarters of the club in Elite Hall. The Reliance Orchestra will furnish music for the occasion, and a royal good time is promised for all those who attend.

The Independents held a meeting at Elmhurst last night, at which A. K. Grim, Louis Schaffer, T. O. Crawford, G. W. Kraft, J. Taylor, O. A. Lane and others spoke.

TWO HUNDRED MEN CLAMOR FOR LABOR.

This morning was the time set by the Superintendent of Streets to change one of the sections of the street-cleaning gangs, each member of which is given ten days' work at the rate of $2 a day. Each preferred applicant is given a card which tells him when to report for duty at the office on Fifteenth street near the Board of Health headquarters. This morning, between two hundred and three hundred men, each with a card, made their appearance. In some instances, the cards were outlawed. In others, they were held by men who have just finished a ten days' shift, but who like Oliver Twist wanted "more." Out of the number, only forty could be chosen and the work of choosing devolved upon Superintendent Miller and his deputy, Charles Ott. It was a trying ordeal, one which neither gentleman asks to have repeated daily. One young fellow had his card endorsed by Governor Budd but the applicant was informed that State Democratic politics did not cut any figure.

THE COUNCIL MAY MEET FRIDAY NIGHT

Mayor Thomas will probably call a special meeting of the Council for tomorrow night so that that body may decide upon a recommendation to the Board of Public Works touching the awarding of the contract for the dredging of Lake Merritt and prepare any papers which may be necessary in the premises.

This will enable the Board of Public Works to pass upon the bids on Friday next.

WANT THE MARSH IMPROVED FIRST.

At a meeting of the West Oakland Improvement Club last evening, resolutions were adopted opposing the bonding of the city for a park on the shores of Lake Merritt, and declaring that the money should be expended on the West Oakland marsh. The keeping open of the Free Library until 9 o'clock at night, was also advocated.

TRIUMPH OF THE JUBILEE

Great Parade a Brilliant Success Despite the Drizzling Rain.

M'Kinley Reviews a Pageant in Which Thirty Thousand Men March.

CHICAGO, Oct. 13.—Today came the spectacular and crowning glory of the week of jubilee, the great street parade. It started from the corner of Michigan avenue and Congress street promptly at the time scheduled, and for four hours moved swiftly and with scarce a single halt through the principal streets of the city. The one drawback was the weather. The ill fortune which has attended the jubilee in this respect since the beginning of the ceremonies still continued. The drizzling rain fell steadily. This made very little difference in the column of marchers, and still less in the number of spectators who lined the sidewalks, crowded the windows and wedged themselves into every nook from which an advantageous view of the parade could be seen.

All along the line of march numerous stands had been erected for spectators, and fully an hour prior to the moving of the pageant every seat was occupied. It is estimated that fully 25,000 people witnessed the parade from these stands alone.

President McKinley reviewed the parade from the grand stand erected in front of the Union League Club on Jackson street. On the stand with him were General Miles, General Shafter, General Chaffee, Secretary Wilson, Judge Emory Speer, the Chinese and Korean Ministers and a host of lesser dignitaries.

The greatest enthusiasm was manifested by the crowds when the men of the military division were marching by the reviewing stand where the President and the Generals stood. About 30,000 men were in line.

A GRAND BANQUET TONIGHT.

CHICAGO, Oct. 19.—The peace jubilee commission has received word from Capt. Sigsbee, commander of the Maine, that he will be present at the jubilee banquet tonight to respond to the toast, "The Navy."

In preparing the banquet to President McKinley and his guests the utmost desire has been to surpass all previous functions of like character. This crowning feature of the jubilee will take place tonight at the Auditorium. On the same floor on which the ball was held last night 800 dignitaries and citizens will sit at the table and wine and dine and listen to oratory. Among those to speak will be the President himself:

The full list of toasts follows:

"Our Reunited Country, North and South," Clark Howell.
"Our Country," the President of the United States.
"The President," ex-Vice-President Adlai Stevenson.
"The Army," General Nelson Miles and General William Shafter.
"The Navy," Admiral Geo. Brown and Captain Chas. D. Sigsbee.
"International Arbitration," James B. Angell.
"Our Future," Lyman J. Gage, Samuel Gompers and Cyrus Northrop.

FOUGHT TO THE DEATH ON A ROOF.

Two Workmen Engage in a Desperate Struggle and Fall Fifty Feet Locked in a Mortal Grapple.

BOSTON, Mass., Oct. 19.—John Rice, aged 30, and Henry Roche, aged 45 years, both roofers employed on a four-story building in this city, today became involved in a quarrel while at work. Spectators in the street below were horrified to see the men come together in a deadly struggle. Inch by inch the men were working their way toward the edge of the roof. Suddenly both rolled off and fell to the ground fifty feet below. Both were mortally injured and died soon after.

FAILURE OF A PITTSBURG NATIONAL BANK.

Associated Press Dispatches by the Tribune's Special Leased Wire.

PITTSBURG, Oct. 19.—Notwithstanding the rumors that have been afloat for some time concerning the financial straits of the German National Bank of this city, the announcement this morning that the bank has gone into involuntary liquidation caused great surprise, and many depositors hurried to the bank to find the doors closed. A small crowd assembled, but there was no excitement.

The suspension can be traced directly to two causes, the carrying of too many securities of the Natalie Coal & Coke Company, and large loans on insufficient collateral.

Bank Examiner Young is now in charge. He says the securities held by the bank are ample to pay all depositors dollar for dollar.

FRANCE PREPARES TO FIGHT ENGLAND.

Associated Press Dispatches by the Tribune's Special Leased Wire.

PARIS, Oct. 19.—In spite of semi-official denials, the Echo de Paris asserts to-day that the embarkation of war material and supplies at Toulon is going on, adding that extraordinary activity reigns at the arsenal there. Four ironclads and three cruisers are embarking ammunition and war material. Two transports are almost ready for sea.

All French naval officers on leave of absence have been recalled. The naval authorities at Toulon are very reticent.

GEN. BRECKENRIDGE'S DAUGHTER TO WED.

Associated Press Dispatches by The Tribune's Special Leased Wire.

WASHINGTON, Oct. 19.—A. Lexington, Ky., special says: Tonight at the residence of her aunt, Mrs. Skillman, and in the same room where her mother was married a quarter of a century ago, Miss Minnie Breckenridge, oldest daughter of General J. C. Breckenridge, will be married to Ensign John S. Hines, U. S. N. The bride's sister, Miss Hayssl will be bridesmaid, and her brother, Lieutenant Thelbert Breckenridge, will be best man.

REFUSES TO SUPPORT HIS MOTHER'S SUITOR.

John Logan Bell, the young waiter at the Maison Piedmont restaurant, who on several occasions has made himself conspicuous by notorious conduct, has again come to the front as a candidate for the insane asylum. He was last night placed in the Receiving Hospital at the instance of his mother. This morning Drs. Olmstead and Milton discharged him.

This case was not altogether plain to the commissioners. The boy declared that he was the victim of his mother, who once before railroaded him into an asylum. The mother, on the contrary, explained that she did not know she was arresting her son for insanity, but merely wanted to have him treated at the hospital for a disease.

Bell lays all his trouble at the door of a Portuguese named Joe Martini. He avers that this fellow is a suitor of his mother, but is a worthless man. He further maintains that it is to admit this man to the home that his mother now seeks to expel him and imprison him in an asylum. Bell refused to support this man, and a week ago gave up his position, declaring that he would not return until Martini left.

Bell was once tried for criminal assault in the Superior Court of this county. He also gained notoriety as a witness in the Laura Streuber case.

SEVENTH CORPS WELL CARED FOR.

JACKSONVILLE, Fla., Oct. 19.—The war investigating commission resumed work today with Major Noble H. Creager, Quartermaster, on the stand. He said there never had been any serious shortage of supplies in the Seventh Corps, and he was sure there had been no suffering caused by a deficiency of supplies.

In the beginning at the camp there had been some complaint as to the quality of the food, but this had been eradicated. He had also had some difficulty in securing a proper assortment of sizes of clothes.

He was followed by Congressman J. R. Campbell, colonel of the Ninth Illinois volunteers, who was questioned in regard to the general treatment of the troops and was asked for suggestions for the benefit of the service. He spoke in complimentary terms of the administration of the officers of the army, saying that requisitions of all kinds had been promptly filled and that the quality of the articles supplied was generally good. There had been some complaints as to the character of the refrigerator beef, but investigation developed the fact that while the meat had been received in good order it had spoiled because of exposure in hot weather. The difficulty was, however, overcome by exchanging beef for ham, no fresh beef being now taken by the regiment.

Colonel Campbell expressed the opinion that the immediate cause of sickness in the camp was the drilling in the early morning when the dew was on the ground. This was the mistake of his regiment, as the command had been anxious to excel, but they now had secured a revocation of the order for the drill and had discontinued the practice. He said few of his men were now homesick. He did not believe that to exceed 5 per cent of the soldiers would return home in preference to going to Cuba if given an opportunity to do so.

He had no suggestion to make beyond a request that his command be supplied with the Krag-Jorgensen rifles, as they had taken first place for marksmanship. He also complained of the red-tape method in the army, but made no specifications. Colonel Campbell said he had been liberal in granting furloughs, and he thought the system had had a good influence in quieting the apprehensions of friends at home.

SANTA FE GETS THE VALLEY ROAD.

Associated Press Dispatches by The Tribune's Special Leased Wire.

NEW YORK, Oct. 19.—A Wall Street News Bureau says:

Chairman Aldace of the Walker states that he is able to announce the completion of successful negotiations for the purchase of the San Francisco and San Joaquin Valley Railroad, which will give the Atchison its long desired entrance into San Francisco. The stock of the Valley Company has been deposited under an option in an amount nearing complete control, and the transaction is now in shape for ratification by the Atchison stockholders at the approaching annual meeting.

WILL GIVE THE TOBACCO TRUST BATTLE.

Associated Press Dispatches by the Tribune's Special Leased Wire.

ST. LOUIS, Oct. 19.—Colonel M. T. Wetmore, at the head of the great tobacco works of Liggett & Myers Company of this city, declared there is nothing in the reports of a new combine of plug manufacturers under the leadership of his company, to oppose the American Tobacco Company.

The Post-Dispatch today says:

Dispatches from Louisville indicate that there is to be a combination to fight the trust whether the Liggett & Meyers Company are to be in it or not. The independent tobacco manufacturers of Louisville are very bitter against President Duke of the American Tobacco Company.

The companies say they will unite in St. Louis, Detroit and elsewhere to break down the trust. As the combined output of the independents greatly exceeds that of the combine, even with its new plants, they think they can win.

WAR REVENUE RULING ON MIXED FLOUR.

Associated Press Dispatches by the Tribune's Special Leased Wire.

WASHINGTON, Oct. 19.—Acting Commissioner Wilson of the Internal Revenue Bureau has modified the ruling as to what shall constitute mixed flour under the new war revenue law. Under the former ruling a person engaged in grinding together wheat with any other grain or other material, or mixing the flour made from wheat with the flour made from any other grain or other material, was deemed a maker of mixed flour. Under the new ruling wheat flour must be the principal constituent in the mixture.

DEADLY DISEASE OF MICHIGAN PEACHES.

Associated Press Dispatches by the Tribune's Special Leased Wire.

NILES, Mich., Oct. 19.—The vast peach orchards of Southwestern Michigan are being destroyed by a new tree disease said to be more damaging than the dreaded yellows. It was first noticed two years ago, and owing to its peculiar effect, which is a stunting of the fruit when about the size of hazel nuts, has locally been given the name of "little peaches." Its ravages have been so fearful that in several large orchards in Sauga-tuck township alone about 4,000 trees are said to have been destroyed this season.

COURT-MARTIAL FOR MURDEROUS SOLDIER.

Associated Press Dispatches by the Tribune's Special Leased Wire.

LEXINGTON, Oct. 19.—When the case of Provost Guard Alvin Kitchen was called in this city in the Circuit Court to answer for the killing of Private Nigreu of the Twelfth New York Regiment, the City Attorney suggested that the charge be dismissed because Provost Marshal Gaines was present with a military warrant for the arrest of Kitchen.

The court dismissed the charge, and Kitchen was placed under military arrest. His trial, therefore, will be by court martial.

THE SUPREME COURT SUSTAINS COLGAN.

Associated Press Dispatches by the Tribune's Special Leased Wire.

LOS ANGELES, Cal., Oct. 19.—Before closing its session yesterday the Supreme Court handed down a decision in the suit brought by the Trustees of Whittier State School against State Controller Colgan for a writ of mandate. The Trustees determined to erect some new buildings and desired to use money from the maintenance fund for the purpose. The decision holds that the Trustees have no right to do this.

BRILLIANT SURGEON DIES IN LOS ANGELES.

Associated Press Dispatches by the Tribune's Special Leased Wire.

LOS ANGELES, Cal., Oct. 19.—Dr. Francis L. Haynes, one of the most prominent physicians and surgeons of Southern California, died last night. He was a graduate of the University of Pennsylvania, and was for a time professor of gynecology in the University of Southern California. Death was due to embolism of the brain.

MORE FOOD FOR THE STARVING CUBANS.

NEW YORK, Oct. 19.—In addition to the weekly cargo of army stores and supplies sent to the United States troops in Santiago and Porto Rico, there are on the transport Berlin, which will sail for Santiago today, 500,000 rations for the starving Cubans.

M'KINLEY CONGRATULATES GEN. BROOKE.

WASHINGTON, Oct. 19.—The following cablegram has been sent to General Brooke at San Juan:

"To General Brooke: Yourself and associates of the commission have my sincere congratulations. "WILLIAM McKINLEY."

SIX THOUSAND SPANIARDS SAIL FROM HAVANA.

Forty Thousand More Soon to Embark For Spain.

Dons Act In Good Faith But Few Transports Are Available.

OUR SOVEREIGNITY DRAWS NEAR

December First We Take Charge of Cuba Whether Spanish are There or Not.

Associated Press Dispatches by The Tribune's Special Leased Wire.

WASHINGTON, Oct. 19.—General Wade telegraphed the War Department last night that 6,000 Spanish soldiers had been embarked already for Spain, and that arrangements had been completed for the embarkation for 40,000 more troops. On the whole this is believed to be reasonable. It is recognized that the Spanish government is not able to command unlimited transport service, if for no other reason than for lack of cash, obliging it to rely entirely upon the government aided L'Compagnie Trans-Atlantique, whose stock of vessels has already been heavily drawn upon under the exigencies of the war.

So long as this disposition is exhibited to carry out in good faith the evacuation, our Government is not likely to make complaint, and the statement that the American Commissioners at Havana did yesterday deliver themselves of a formal ultimatum on the subject is said to be erroneous.

The conclusion, however, does not apply to the transfer of sovereignty, and while permitting the presence of Spanish troops in Cuba on and after December 1, it is the present purpose of the War Department to take complete possession of the entire civil establishment of the island on the date mentioned, just as General Wood did in Santiago province.

This may happen even while the Spanish commissioners at Paris are still desperately striving to secure consideration by the joint commission of questions affecting the Cuban debt.

OFFICERS OF ODD FELLOWS ARE ELECTED.

Associated Press Dispatches by The Tribune's Special Leased Wire.

SAN JOSE, Oct. 19.—The only business of interest transacted by the Grand Encampment, I. O. O. F., this afternoon was the hearing of the appeal of J. W. Stafford from Santa Barbara, No. 52. Stafford claimed certain sick benefits which were refused. The appeal was decided in his favor and the Santa Barbara canton ordered to pay.

The election of officers is on this afternoon and the following have been chosen:

Grand Patriarch, J. W. Harris of No. 57, San Francisco.

Grand High Priest, Joseph Foster, No. 58, San Diego.

Grand Senior Warden, R. D. Gummoe, No. 11, Grass Valley.

Grand Scribe, William H. Barnes, incumbent.

Grand Treasurer, George W. Lemont, incumbent.

Grand Representative, O. W. Erlewine, Sacramento.

Grand Trustees—H. S. Winne, F. A. Weck, W. S. Potter.

There is a contest for Grand Junior Warden. The candidates are—C. H. Wever, No. 25, Alameda; James Ashman, No. 31, Los Angeles; J. E. Harris, No. 35, San Jose; W. E. Dubois, No. 1, San Francisco; A. C. Bates, No. 35, San Jose.

It may take several ballots to decide this, as the votes seem to be much scattered.

There will be a big prize drill tonight.

MAT MERCHANT FLOOD RELEASED FROM ARREST

Associated Press Dispatches by The Tribune's Special Leased Wire.

SAN FRANCISCO, Oct. 19.—T. D. Riordan applied to-day for a writ of habeas corpus to secure the freedom of James Flood, the mat merchant who arrived from Kobe on the Doric and was arrested by United States Marshal Shine at the cabled request of United States Consul Lyons of Kobe.

United States District Judge Hawley has read a statement of the case and has ordered the prisoner released. He decided that the arrest of Flood upon receipt of an order from Consul Lyons was proper, but that in view of the fact that the Consul had failed to reply to cable messages asking for further information, that Flood had been detained long enough. Flood threatens to return to Japan to bring suit for slander against his accusers.

Vanderbilts Buy a Railroad.

Associated Press Dispatches by The Tribune's Special Leased Wire.

NEW YORK, Oct. 19.—The World says: Papers have been signed in this city by which the Rutland railroad, running from Bellows Falls to Burlington, Vt., passed from the control of the Delaware and Hudson Canal Company to the hands of P. W. Clement, Wm. Vanderbilt and Dr. W. S. Webb. The price paid for the block of controlling stock is asserted to be $3,000,000.

SPANISH ARE NOW PLAYING FOR POSITION.

Why They Secured a Postponement of Conference.

Hope to Save Something Out of the Wreck by Diplomacy.

OUR COMMISSION IS FIRM.

Treats the Spaniards Courteously But Surrenders None of Its Advantages.

Associated Press Dispatches by The Tribune's Special Leased Wire.

PARIS, Oct. 19.—The Spanish commission was unable to attend the joint session today, and the next session of the two commissions has been fixed for Friday next.

Judge Day, president of the American commission, received a communication this morning from Senor Rios, president of the Spanish commission, saying that advices expected but not received from Madrid made it necessary for himself and his colleagues to request a postponement of any further conferences until Friday next. A courteous reply was returned by Secretary Moore, in behalf of the American commission, granting an extension of the time for the next meeting as requested.

While the deferring of any conference for two days is in itself an unimportant request, the delay by the Spaniards at this juncture is something more than significant. The game of diplomacy now progressing here has reached a stage which makes it necessary that the next move be made by the Spanish commissioners. They are confronted by the plain fact of their protocol agreement to relinquish and evacuate Cuba without "ifs," "ands" or "buts."

It has become clear here that the Spaniards cherished the hope that they could unconditionally covenant to follow a given path and ultimately wander elsewhere and do less or more than named in the protocol compact. The American commissioners, however, have firmly adhered to the boundary lines already mutually established and within which they insist the Spaniards as well as themselves shall duly proceed.

It is not too much to say that Spain now has more light than ever before on the integrity and steadfastness in word and in purpose of the United States, and it is a fact to say that the Spaniards are now initially appreciating that the United States did not make war on Spain to acquire Cuba as a conquest prize.

LOCKOUT OF GLASS WORKERS BROKEN.

Associated Press Dispatches by The Tribune's Special Leased Wire.

PITTSBURG, Oct. 19.—The lockout in the window glass trade has been broken by the cutters and flatteners at the Bradford Glass Company's works at Hazelhurst, Pennsylvania, returning to work at the scale originally agreed upon, but which was opposed by President Burns. The Hazelhurst plant is the largest independent factory in the country. The manufacturers regard the revolt as encouraging for a starting of all the factories. If the vote now being taken favors accepting the same terms as the blowers and gatherers are receiving at Hazelhurst, the lockout may be considered at an end.

GREGOIRE LEFT A LITTLE MONEY.

Chief Fletcher this morning received a telegram from Chief of Detectives Carpenter of Toronto, Canada, asking whether or not Cleophas Gregoire, the man who suicided on Hobart street several weeks ago by shooting himself five times in the breast, had left any money here, either in the hands of friends or in any of the banks. The Chief delegated Detective Holland to look up the case. Mr. Holland called at the office of the Remillard Brick Company and also at the Oakland Bank of Savings, and ascertained that the estate of the deceased, which consisted in the main of money, was valued at about $1,600, and that it was now in the hands of Public Administrator Knight.

MEN OF PUNCH AND GRIP TO BRAVE THE SEA.

The Conductors' and Carmens' Social and Benevolent Society of this city will give a pleasant excursion on the bay tomorrow morning, leaving the foot of Franklin street at 8 o'clock. They extend an invitation to members of their calling. They will board one of the large tug boats of Hay & Wright and visit all points of interest in the bay, returning in the evening. Lunch will be furnished free on board the tug to all guests.

THE GRAND JURY WILL SOON REPORT.

The Grand Jury will not meet until next Friday. It is probable that its final report will be handed down at that time.

Court Notes.

O. Valerga to-day filed complaint in foreclosure against Annie L. Moore. The basis of the suit is a $1,000 promissory note.

Decree of foreclosure has been handed down in the case of Lawrence Massa against C. O. Child.

Bercovich's Trial.

The trial of A. Bercovich has been set for November 3d.

MEADORS SAYS HE ACTED IN SELF DEFENCE.

Gives His Reasons For Killing Jonas Ury.

Defendant Weeps on the Witness Stand While Giving Evidence.

The prosecution in the Meadors murder case closed yesterday. Today Attorney Deuprey opened for the defense by placing the defendant on the stand. Meadors' testimony was so mingled with sobs at times that his words had to be repeated to the jury.

The defendant gave his version of the killing on the morning of August 16th, clearly maintaining his plea of self defense. He recalled many instances when Ury bullied him and threatened to mash his bald head. On one occasion, Meadors testified, Ury grabbed a rifle and, threatening to knock his brains out, made a quick dash at him. The defendant escaped.

When Attorney Deuprey drew out the story of Meadors' trial in Arizona on a similar charge, the witness became very much moved and wept, saying that was a subject he did not care to talk about. Meadors was acquitted of the charge.

The defendant today declared that he had no animosity toward Ury, but on the last morning acted in self defense.

KENTUCKY MASONS DRAW COLOR LINE.

Associated Press Dispatches by The Tribune's Special Leased Wire.

LOUISVILLE, Ky., Oct. 19.—The Grand Lodge of Kentucky Masons, at its session today, unanimously adopted the resolution reported by its political committee which recommends non-intercourse between the Grand Lodge of this State and the Grand Lodge of Washington, because of the action of the latter in recognizing negro lodges. The motion to adopt was seconded by fifty Master Masons.

It was also decided to build a home for aged and infirm Masons, $40,000 of the necessary $50,000 for this purpose having been raised, $10,000 within the last year. The Grand Lodge pledged itself to donate $1,000 for ten years in order to secure the remaining $10,000.

PUBLIC IMPROVEMENTS UNDER CONSIDERATION.

At the meeting of the Board of Public Works this morning two communications from the Council were received and filed. One of these instructed the superintendent of the fire alarm and police telegraph to supply the Eighth street engine house with electrical fire alarm apparatus at a cost not to exceed $499. The other authorized the Board of Public Works to erect the booths for the bond election on October 29th.

Secretary Harry Thomas was authorized to hire the necessary men and horses to put the booths in place.

Morris Brown's application to haul the booths to and from election precincts was referred to Commissioner Dow.

The matter of the approach from this side of the estuary to the temporary bridge over the old street railroad bridge was referred to Street Superintendent Miller.

FIGONE MUST BE TRIED AGAIN.

The jury impaneled to try Louis Figone, who was charged with slashing T. W. Newell with a hatchet on the morning of July 4th, 1898, this afternoon disagreed. Attorneys Whitney and Garrity defended Figone.

Judge Hall, upon the foreman's report of disagreement, formally discharged the jury.

It developed in the trial that Figone hit his opponent with his fist instead of a hatchet.

SHE GAVE LIBERALLY TO CHARITY.

Inventory and appraisement of the estate of the late Mercy M. Gray, filed to-day, shows a balance of property yet undistributed, valued at $867. The decedent deeded away more than $100,000 to religious and charitable institutions during her lifetime. At her demise all had been given away except the amount above mentioned.

WILL OF MRS. JUDD FILED FOR PROBATE.

Irene B. Woodhams and Norris A. Judd, executors of the estate of the late Elizabeth G. Judd, today filed her will for probate. The estate consists of property exceeding the sum of $10,000. There is cash in the sum of $6,000; a house and lot valued at $5,000; capital stock worth $2,500, and other personal property valued at $2,000.

Placerville Miner Killed.

Associated Press Dispatches by The Tribune's Special Leased Wire.

PLACERVILLE, Cal., Oct. 19.—Jesse Thompson was killed last night at the Larkin mine by the caving of a large rock which completely crushed his head. Thompson leaves a wife and child in this city.

Hurricane Off Cape Hatteras.

Associated Press Dispatches by The Tribune's Special Leased Wire.

NEW YORK, Oct. 19.—The Ward line steamer Orizaba, today from Havana reports a southeast gale with terribly severity off Cape Hatteras.

DR. ARCHIBALD GIVEN A GOOD POSITION.

Appointed Veterinary for the State Board of Health.

At an adjourned meeting of the State Board of Health, in the Palace Hotel, San Francisco, last evening, the subject of Anthrox and Texas fever among cattle in California was considered and also a report from Dr. D. D. Crowley relative to his visit to Secretary Wilson of Washington, D. C., concerning the best methods of irradicating both contagious and infectuous diseases among the cattle of the state.

Dr. Crowley reported that Mr. Wilson considered the best method of accomplishing this end, would be by appointing a first class veterinary surgeon to make an investigation throughout the State and report from time to time, to the State Board. This veterinary surgeon should work in conjunction with the federal investigators. By such energetic work Dr. Crowley believed the district now quarantined in California might be greatly decreased.

Upon Dr. Crowley's motion, it was determined to act upon Mr. Wilson's suggestion and as a consequence Dr. Archibald of this city, was elected. He is to receive a salary and all expenses, subject to the approval of the Governor. Dr. Archibald is secretary of the State Veterinary Society and is at present doing scientific work for the Oakland Board of Health. This is the second person from Oakland, who, through Dr. Crowley's efforts has been recognized by the State Board of Health.

EPISCOPALIANS WILL SOON ADJOURN.

Associated Press Dispatches by The Tribune's Special Leased Wire.

WASHINGTON, Oct. 19.—While no time has been set for the final adournment of the Episcopal convention, the conference is beginning to fall off and deputies are leaving for home. Attention was called to this in the House of Deputies today, and delegates were urged to get through with important questions before the membership thins out.

The question of marriage and divorce has not yet been considered in the House of Deputies, and there are evidences that the House of Bishops, after having postponed the subject indefinitely, may reconsider its action.

TWO MILLIONS FROM KLONDIKE.

Associated Press Dispatches by The Tribune's Special Leased Wire.

SEATTLE, Wash., Oct. 19.—The steamer Roanoke arrived today from St. Michael, Alaska, with about five hundred passengers, and gold dust estimated at $2,000,000, and of this the Canadian Bank of Commerce owns $600,000, and the Bank of British North America $750,000.

SIDEWALK STANDS OF ALL KINDS MUST GO.

City Attorney Dow has given an opinion to Superintendent of Streets Miller that fruit and candy men who sell wares behind cellar rails on the sidewalks have no more right to do so than those who sell on the walk immediately along the lot line. He makes no exception of those who pretend that they lease the cellar to which the stairs which are barred off by the rails lead.

As a consequence, Mr. Miller says that no more fruit and candy stands will be tolerated on the walks because he is determined to carry out the wishes of the Council in this respect.

CAPTAIN CARSON IS BACK TO DUTY.

Captain Wilson of the police force has gone on a vacation of several days and his place is being filled by Captain Carson, who has just recovered from a serious illness requiring a surgical operation. Captain Carson will retire as soon as Captain Wilson returns and will not get back to permanent duty until the first of next month.

Against Ticket Scalping.

Associated Press Dispatches by The Tribune's Special Leased Wire.

DETROIT, Mich., Oct. 19.—Little business was transacted today by the General Passenger and Ticket Agent's Association. It was 11 o'clock when the convention was called to order. The anti-scalping question reported upon was the feature of the session.

The committee recommended continuance of the fight for anti-scalping legislation by Congress along the same lines as heretofore.

NEBRASKA NATIONAL BANK GOES UNDER.

Associated Press Dispatches by the Tribune's Special Leased Wire.

WASHINGTON, Oct. 19.—Bank Examiner Whitmore has telegraphed to the Comptroller of the Currency that he has closed the doors of the First National Bank of Neligh, Neb. He says the condition of the bank makes resumption impossible. The bank has a capital of $50,000.

INDIANS ASK A PEACE COUNCIL.

Gen. Bacon's Bravery and Tact Bring About Peace.

Associated Press Dispatches by The Tribune's Special Leased Wire.

ST. PAUL, Minn., Oct. 18.—A Walker, Minn., special to the Dispatch says:

Indian Commissioner Jones and John Bassett, an interpreter, left today on the Flora for Black Duck Point to bring in the Indians who promised to surrender. They expected to get back to the agency about noon and to hold a peace council there at 2 o'clock.

Invitations were sent in writing last night to General Bacon. Commissioner Jones and the newspaper correspondents to be present at this council. In the letter to General Bacon, it was stated that the chiefs and head men of the Pillager band of Chippewas desired to express to him personally their respect for him and their gratitude for his forbearance toward them in their time of trouble. The messages were read at a gathering of army officers and correspondents.

Commissioner Jones made a short speech, in which he said that he wanted to announce publicly that it was due to General Bacon in the battle and his subsequent conduct of affairs here that a peaceful solution of the trouble with the Indians was brought about promptly and without the delay usual in former Indian disturbances. In his opinion the General had prevented a bloody war in this State. General Bacon sent word by John Bassett, the interpreter, that he would attend the peace council. The correspondents also accepted the invitation.

Father Wright says that a vote will be taken at White Earth this week for a successor to his father, White Cloud, as chief of the Chippewas. He is not willing to be chief, and thinks his brother will be chosen.

THE WAR OVER.

WASHINGTON, Oct. 19.—The Secretary of War received the following telegram from Governor Clough this afternoon:

"I agree with General Bacon that the Indian war is at an end."

CHINESE TRIES TO USE A HATCHET.

Complaint was filed to-day in Judge Clift's court by G. E. Palmer, charging Ah Jim, a Chinese, with attempted assault with a deadly weapon.

On October 11th some small boys had been tormenting the Chinese in Fruitvale. He chased a boy whom he thought was one of those tormenting him, with a hatchet, but did not catch him. The boy in turn had the Chinese arrested for assault. The preliminary examination will be held to-morrow afternoon at 2 o'clock.

COULD NOT COLLECT PROMISSORY NOTES.

The case of H. F. Hebron against Mrs. Clark of the Woman's Exchange was decided in favor of the defendant this morning by Judge Clift on default of the appearance of plaintiff. Abe P. Leach represented the defendant.

POLITICAL REFLECTIONS.

What has become of that eighth wonder of the world, the Los Angeles Silver Republican Club? It is pretty well known that the wind was let out of the concern two years ago, but it was supposed to have life enough left so that its tail would wiggle, but it must have been all mouth and no tail. It was a grotesque pretense at best, the only approach to which is the so-called "party" of Silver Republicans.—Tulare Register.

If the reader believes in the well established system of permitting every one to gain a title to land, to build a home and surround it with the comforts and conveniences to make it a joy and pride to himself and family, we advise him to vote for Henry T. Gage for Governor of this State.

If the reader believes that the time and toil and trouble expended by the farmer or home owner to gain title to land gives him no right of possessorship that others are bound to respect, and that the State should tax the land owner out of his possessorship, that others may have it to use, then we advise him to vote for James G. Maguire for Governor of this State.—Stockton Independent.

What will the majority of Alameda county be for Gage? We have seen an estimate of the State's vote which gives the Republican candidate a majority of 17,000, and Alameda's majority was put down at 2,500. Los Angeles county was listed at the same figure. Both ought to give more. This county should give 3,500 at least. We think it will. Mr. Maguire does not find a sympathetic element here. On the head of the ticket the Republicans are not disaffected. They are even more united than in 1896, when they gave about 5,000 majority for McKinley. And the opposition is nowhere near as aggressive. We say 3,500 majority and the retention of the banner.—Alameda Argus.

When you vote the confusion ticket what are you voting for? Certainly not for any definite party or set of party principles, nor for any definitely representative candidate. You are not voting for Democracy, for that party has sacrificed its principles, fused its organization, and follows a leader who is not a Democrat. Not for Populism, for that party has given up its name and abandoned its separate existence and nominated candidates most of whom do not pretend to be Populists. Not for Silver Republicanism, for there is no such party organization, and of its principles, the fusionists represent silver very little and Republicanism not at all. Nor are you voting for anything these parties have in common, for they have no coherent common organization and only one common principle, and that they have ceased to discuss.

Are you voting for a candidate, then, rather than a party? But Mr. Maguire is not a man of such commanding personality as to be entitled to the first place in the State simply in his individual capacity, and in his representative capacity he is as indefinite as the aggregation which nominated him. He is not a Democrat, by the evidence of his own formal proclamation. He is not a Populist, by the evidence of the Populist Committee on Fusion, which refused to count him as a part of the Populist quota in the division of offices. He is certainly not a Silver Republican. In his individual capacity he is, by his own repeated announcement, a single taxer, but in his nominational capacity, and for the purposes of this campaign, he has repudiated that doctrine.—Fresno Republican.

As the campaign progresses the indications grow more assuring that Alameda county will give one of her old-time majorities for the Republican ticket. The party is working in complete harmony; there is no dissatisfaction that amounts to anything and the reports brought in by the candidates who are canvassing the interior are all of the same tenor—great enthusiasm on the part of the Republicans and a general determination to hold on to the banner that was won two years ago. This is as it should be. It is a Republican year, and Alameda county cannot afford to go on record as being any less Republican than when she gave such a majority for President McKinley.—Alameda Encinal.

A Rhyme For Umbrellas.

The melancholy days have come, the wettest of the year, when feet get damp and colds do kill, and handsome hats look drear. When broken up umbrellas need, of ribs perhaps a few ones; when people who have none at all should go and buy some new ones. And whether you want one or ten, or twenty-one or forty, you'll buy them cheaply if you go without delay to Courtney. His parachutes will keep off rain, pneumonia or the measles; will help you keep off creditors and check malignant wheezles. So take your stitch in time, protect your face from rain and sleet, by buying one at Courtney's 380 Thirteenth street.

"Porto Rico, United States of America." The fruits of victory are being harvested.

A collar trust with a capital of $50,000,000 is announced. Everybody will have to wear a corporation collar now.

That "blanket" mortgage that is to be placed on the Central Pacific road should prevent the freezing out of the small stockholders.

The more people see of Gage the more they like him. The more they hear of Maguire and his single tax theories the less they like him. The result, therefore, is inevitable.

The Berkeley is worthy of her name. By the time she gets running our ferry service will be complete, for five round trips an hour—three on the broad gauge and two on the narrow gauge—will leave nothing to cavil at.

The last dissenter to the improvement of Lake Merritt must certainly be silenced now. When so much can be accomplished for comparatively so little, no one with the slightest spark of public spirit within his breast can raise an objection.

The stumping tour of the Republican county candidates has been eminently successful, and the indications are excellent for a return of the entire ticket. The people realize that a better or more competent set of officials could not be proposed for them.

Competition levels all things. The New York Times, one of the most conservative newspapers in America, has been compelled to reduce its price to one cent. The pace set by the Journal and World has proved too hot to attempt to keep up with under the old-time conditions.

Stand pat on the legislative ticket and let Alameda county send a solid Republican delegation to Sacramento. The Legislature is going to be Republican, and with a working force of three Senators and six Assemblymen we will come pretty nearly getting everything we want up there.

"You have a right to know what I would do if I am elected Governor. I will give a brave, honest administration and will protect the rights of the rich and poor alike," says Henry Gage. That's the kind of a man he is, and even his opponents admit that he was never yet known to break a pledge or promise.

The success of the Oakland Exposition is something that every business man and property owner of the community should have at heart, for this year it is going before the State as an illustration of our enterprise and resources. Nothing, therefore, should be overlooked that can add to its attractions in any way.

The Oregon and Iowa are to stop over at Rio Janeiro and participate in a big celebration the Brazilians intend to hold November 15th. It won't do any harm to let those South Americans see the kind of engines we do our fighting with, for it breeds a wholesome respect to let a nation see how little chance it would have if it got into trouble with us. England discovered long ago the benefits to be derived from such demonstrations of power.

The generosity of the Peralta Heights Improvement Club in giving to the city twenty acres of land for park purposes, is universally commended. The members of the organization, who have taken from their private store in order to purchase the property in the interests of the welfare of Oakland, have shown public spirit which should be an example for others to follow. These men asked no reward, nor had they any personal motive to gain, but they realized that the time to act as citizens for the good of all had arrived. They quickly jumped into the breach and with the Lake Merritt Sanitary and Improvement Club started the march of progress toward the new era for Oakland.

NEW ERA FOR OAKLAND.

Time was when Oakland was considered the leader of all the cities of this State for progress and public improvements. For the past decade is has retrograded in that respect. The action of the City Council last evening, however, will start the city again on the lines of public improvement.

The Council passed the tax levy of $1.21—fifteen cents of which will be devoted to the improvement of our unrivaled water park, Lake Merritt and its surroundings, by dredging the lake, and filling in the marsh and tide lands from Twelfth street to the Eighth street bridge as well as the northern marsh, making a beautiful park of what is now a noisome eyesore.

But the most important improvement which the action of the City Council insures, is the abating of what has been for years a nuisance, dangerous to health and life. For years the sewage of a population of over eleven hundred people has been flowing into Cemetery creek, and from thence into the lake, spreading out over the marsh lands of the arms of the lake, dangerous to the lives of thousands of residents of that attractive and populous section of the city, as well as the city at large. There is not another city on the face of the globe that would have permitted for years such a dangerous public nuisance to exist; and were it not for the sanitary trade winds, Oakland long ago would have been visited with a most serious epidemic.

Owing to this state of public affairs, for the past ten years, wealthy people, seeking desirable locations for future homes, have gone to Belvidere, Sausalito, San Mateo and other points around the bay. With the carrying out of this great work of public improvement Oakland will again become the favorite resort of people seeking homes, for no city on the continent presents the general attractions which are to be found in this beautiful place, with its picturesque surroundings. No other city in the United States has such a perfect gem in its center as the Lake Merritt water park of Oakland. There is not a first class city on the continent but what would give millions for such a natural water park, could it be bought with money. This gem should have been adorned with a beautiful picturesque setting years ago, instead of allowing the lake to be filled up, not only with debris, but with vile sewage.

The people of Oakland owe at least their thanks to the progressive, energetic Improvement Club, consisting of some 200 leading citizens of Oakland, led by such men of public enterprise as Messrs. A. Schilling, Captain Edwin Goodall, George H. Wheaton, H. F. Gordon, James Moffitt, Ira Bishop and others, for successfully accomplishing the starting of this grand public enterprise. To the progressive City Council, and especially Councilmen Brosnahan and Heitmann, a large share of commendation is due for carrying it forward to a point which now assures success.

When this magnificent water gem shall be dredged to a proper depth, and its shores beautified, the marsh lands transformed into a magnificent park, adorned with shrubbery and flowers, it will be the great attraction for visitors from far and near, giving Oakland a name and fame on two continents, proving a grand financial success as well as a thing of beauty and renown.

No city can aspire to greatness without enterprise, backed by liberal appropriations; but every dollar expended on the line of improvement and beauty will prove to be "bread cast upon the waters" to return an hundred fold to the enterprising investors. From a business point of view, a city should be managed as a business man would manage his private affairs—present attractive features, which will cause the city to be talked about all over the land. This will bring tourists, and that will be followed by people seeking homes, and homes are sought in attractive, healthy, progressive and beautiful localities.

Let the good work go on until all the eyesores about this charming, healthful, attractive city shall be turned into things of beauty forever, and mark the wonderful change which will take place in the next decade, for a new era is dawning upon Oakland.

E. K. TAYLOR FOR SENATOR.

The Twenty-eighth Senatorial District has always been loyal to the Republican party, so in view of the fact that this time the nominee is City Attorney E. K. Taylor of Alameda, there can be no question as to how it will line up next month. Had the whole district been searched over, no one better equipped for the nomination could have been found than the present candidate, for in addition to the fact that his business vocation has furnished him with all the requirements of a legislator he is personally acquainted with every possible need of the section in which he resides.

Mr. Taylor, though not born in Alameda, is a native of that city to all intents and purposes, for he was but two years old when his family moved to the town and he has dwelt there ever since. He comes of good stock, his father being Bishop William Taylor of the Methodist Episcopal Church, and he was well trained for life's battle, for he is a graduate of the University of the Pacific and also of Hastings Law College.

An attorney by profession, Mr. Taylor has met with great success in his career, and the fact that he has been City Attorney of Alameda uninterruptedly since 1887 shows the confidence the people repose in him. As a Republican he has figured in his party councils very prominently during the past few years, his service as Vice-Chairman of the Republican State Central Committee during the campaign preceding the present one, stamping him as a man of much administrative skill and executive ability.

Mr. Taylor will make a worthy Senator for the Twenty-eighth District, but apart from that, the people should return him because he is the representative of the Republican party. The whole country is looking to California to send a Republican United States Senator to Washington in place of White, for it is necessary that the President should have a Congress in thorough harmony with the workings of the Administration. The only way this can be accomplished is by returning Republicans to the State Legislature, where the United States Senator is elected, so in addition to local issues, those who vote for the Republican nominees now can feel that they are upholding the national policy. There should be no question, therefore, about the election of Mr. Taylor, for in addition to being a representative of Republicanism he is well qualified in every way to be an exponent of the wishes of the people.

Horticultural Commissioner Pryal's report is encouraging to the fruit men of Alameda county. All the different varieties of pests are now under control owing to the importation of insects that war upon them, and he predicts that we will have clean orchards and clean fruit if the good work is kept up. In this particular instance vigilance is indeed the price of prosperity.

SUPERVISOR CHURCH.

No Supervisor of Alameda county has made a better record for efficiency and careful conduct of the business of the county than W. H. Church, of the Third District.

He has conducted the business affairs of the county on the same principle that a business man should conduct his private affairs. No complaint has been made, and no just complaint can be made against him on that score.

The people of this county have acted upon business principles in the matter of retaining the services of a tried man in this important office. The policy is correct, and the rule applies in the case of Mr. Church, who has shown an adaptibility which should insure his re-election. He has been faithful to the trust imposed upon him.

The primary law agitation that has been spreading over the country during the past year or so is having a test in New York, where registration is proceeding under the measure recently passed there. By it, when a citizen presents himself for registration it is the duty of the registry officers to ask him if he wishes to state for which party he intends to vote. It is not compulsory for the citizen to declare his intention of voting for the candidates of any particular party, but if he decides to do so, his preference will be enrolled along with his voting qualifications, and for one year, or until the next year's registration, he will be entitled without any further formality of enrollment in a party organization to vote at the primary elections of his party.

According to the advices from Honolulu the drunken volunteer officers who so shamefully abused the hospitality of the islanders are to be protected by their stripes. That not right; they ought to be made to exchange them for a different variety of stripes, for the outrageous advantage they took of the kind-heartedness of their hosts deserves very summary punishment.

There is implanted in every man a love of life strong enough to make him tremble and kneel before death when he thoroughly recognizes its approach. The trouble with men is that they do not recognize death unless it comes in some violent or rapid form. Consumption kills more men than wars, famines, plagues and accidents, but its approach is insidious, and men do not realize that they are in its clutch. While consumption is a germ disease, the bacilli will not invade sound and healthy lungs. The lungs must first be in a diseased condition.

First a man feels a little out of sorts. Probably he is overworked and has given too little time to eating, sleeping and resting. His appetite falls off. His digestion gets out of order and his blood does not receive the proper amount of life-giving nutriment. The liver becomes torpid and the blood is filled with impurities. These are pumped into every organ of the body, building up unhealthy, half-dead tissues. The most harm is done at the weakest spot, and most frequently that spot is in the lungs. A slight cold leads to inflammation, the bacilli invade the lungs and we have a case of consumption.

Ninety-eight per cent. of all cases of consumption are cured by Dr. Pierce's Golden Medical Discovery. It is the great blood-maker and flesh-builder. It restores the lost appetite, makes the digestion perfect, invigorates the liver, purifies the blood, builds new and healthy flesh and drives out all impurities and disease germs. It cures weak lungs, spitting of blood, obstinate coughs and kindred ailments. No honest druggist will recommend a substitute.

Mrs. Ursula Dunham, of Sistersville, Tyler Co., W. Va., writes: "I had a pain in my side all the time, had but little appetite and grew very thin. The 'Golden Medical Discovery' promptly cured the pain, restored my appetite and increased my weight."

WOMEN AS SLAVES TO THE GAMBLING VICE.

History is found to contain many instances of women, queens and slaves alike, in whom the passion of gambling has gained a complete mastery. These women seem to lose all restraint over themselves, they become transformed, and in the end, when all their finer instincts have deserted them, they sink into the uttermost degradation.

It is notorious that English women are fond of betting. With the majority, of course, this is merely a harmless amusement. Others have been known to lose everything that they possessed, and finally to have gambled their souls to the highest bidder and then to have crept away and put an end to their wretched lives. Goldsmith's story of the old woman who, knowing that she had not long to live, played cards with her undertaker for her funeral expenses, is well known. Parallels are to be found in every day life.

The women of France, perhaps on account of their warmer blood, were at one time the most ardent gamblers in the world. In Louis XIV's reign so many families were ruined through the passionate love of the mothers and daughters for a game known as "hoca," that it was forbidden by law on pain of death. At Versailles an exception was made to this rule, and here the Queen herself frequently lost large sums of money.

The frenzied gambling of Mme. de Montespan has become proverbial in France as "Le Jeu de la Montespan." At Basset she would play for as much as $200,000, and would grumble heartily, and the King also, if no one dared to cover her stakes. One Christmas evening she lost an immense fortune, but recovered, with three cards, $300,000. Three months later she lost $640,000, but won it back almost immediately. In 1682 the crash came. At "hoca" alone she had played away as much as $800,000.

In Louis XV's time matters were in much the same state. On June 25, 1765, for instance, the Duc de Richelieu undertook to teach Mme. de Barry lansquenet in her boudoir. Within a few minutes, however, he had lost no less than $100,000. This immensely amused the King, who was looking on, and who was delighted with his favorite's good luck. Mme. de Pompadour, it will be remembered, gambled for enormous stakes.

In Charles I's time women played freely. That they had few scruples about so doing is shown from the fact that the King's wife, Henrietta Maria, Bassompierre, a well known "sport," and Buckingham, in 1626, played for stakes in a window overlooking Cheapside, while they waited for a procession to pass.

In Charles II's time, however, women gambled to an extent hitherto unknown in English history. In those dissolute days the pleasures of the English court were not far different from those of the French. The duchess of Mazarin, for instance, a niece of the famous cardinal, lost more than a million pounds, and ended her days in beggary. Nell Gwynne lost $20,000 to her rival, the Duchess of Cleveland, and this at one sitting. The latter, in her turn, squandered an immense fortune at the basset table.

So fast was the evil spreading that in 1796 Chief Justice Kenyon threatened to send any lady to the pillory, however high in rank she might be, who should be convicted before him of playing faro. This provoked from Gilray, the well-known caricaturist, an imaginary picture of the first ladies in the land standing in the pillory. Beneath was the inscription, "Daughters of Pharaoh."

During the following year many ladies were heavily punished for refusing to comply with the law. Lady Buckingham, for instance, together with Lady Luttrell and Mrs. Sturt, were fined $200 for playing faro. Ladies at the present day do not openly gamble for stakes which amount to thousands of pounds. It rests only with their consciences to say how much they lose at Monte Carlo and in private deals during the course of the year.

Tried to Be Proper.

The little girl with the broad-brimmed hat was a bright child. All the railway passengers who happened to occupy seats in her immediate vicinity were ready to admit that. The lady with her wore gold eyeglasses and was reading a paper-backed novel as attentively as her youthful companion's flow of conversation would permit, says the Washington Star.

"Was you ever in a railway accident, auntie?"

"No, dear."

"Would you like to be?"

"Certainly not."

"I know a man who was in a railway accident."

"Do you?"

"Yes. I asked him if it hurt him much. He said he just laughed when it was all over."

"It couldn't have been a very serious accident," said the lady, with gold eyeglasses, as she laid her book down and gave a sigh of resignation.

"Yes, it was. It was quite a large accident, and his car was in the very worst of it."

"He was fortunate to escape without injury."

"He didn't. He lost his limb in the accident. It was all covered up in the debris. And he had to come away without it."

"What did you say he lost?" was the inquiry, in a tone of slight severity.

"His limb."

"My dear, I am going to tell you something which I desire you to bear in mind in the future. There was a time when the people who were very punctilious regarded it as desirous to say 'limb' when they meant 'leg.' But now sensible persons who mean leg use that word. Don't say 'limb' unless that is what you mean. Remember that a limb is something that grows on a tree. Do you think you will be able hereafter to make that distinction?"

"Yes'm. I asked the gentleman that was in the accident why he didn't go back afterward and try to find his—his limb——"

"Caroline! I thought I told you that a limb was something that grew on a tree."

"Yes'm. But, auntie, this gentleman's leg was a wooden one."

And the child told her story without further interruption.—Chicago Record.

Commercial Zeal.

"Claudia, is the young man industrious to whom you are engaged?"

"Industrious? Why, papa, he intended to propose to me a month ago, but was too busy."

CITY FATHERS HAVE PREPARED A NEW LEVY

Funds Arranged So As to Keep the Rate at $1.21.

Departments of the City Provided For Under the New Schedule.

The City Council last night passed to print a new tax levy ordinance providing for a levy of $1.21 on every $100 of taxable property, real and personal. There was only one vote against the measure, that being the vote of Mr. Girard. Messrs. Rowe and Upton were absent. All the other members were present.

There was a large attendance of citizens in the lobby, and when the motion to pass to print was carried the action of the Council was greeted with applause.

Councilman Heitmann called Councilman Brosnahan to the chair, and taking the floor, said that he had prepared an ordinance on the tax levy which he desired to introduce and which, of course, was subject to amendment. He changed it somewhat from the vetoed ordinance. He had given 15 cents for park and boulevard purposes which would provide for new flood gates at the dam and enable the filling in of the marsh land between Eighth and Twelfth streets to be done. He had also reduced the sewer fund from 8 cents to 4 cents.

He then handed the proposed ordinance to Clerk Tompkins, who read it as follows:

THE NEW ORDINANCE.

"An ordiance levying a tax on all real estate and personal property in the city of Oakland for the fiscal year of 1898-99, and apportioning the same among the several funds.

"Be it ordained by the Council of the city of Oakland, as follows:

"Section 1. A tax of 89 cents is hereby fixed and levied for the fiscal year of 1898-99 on each and every one hundred dollars of taxable property, real and personal, within the corporate limits of the city of Oakland, and the tax so levied and the money arising therefrom shall be and is hereby set apart and apportioned among the several department funds requiring municipal expenditures for the fiscal year of 1898-99, and herein named as follows:

"General Fund	$ .05
"Salary Fund	.07
"Fire Fund	.14
"Police Fund	.12½
"Street Fund	.11½
"Sewer Fund	.04
"Park Fund	.01
"Fire and Police Telegraph Fund	.01½
"High School Fund	.09
"School Fund	.03½
"Free Library Fund	.02
"Street Light Fund	.17

"Section 2. A tax of 15 cents is hereby fixed and levied for the fiscal year of 1898-99 on each and every one hundred dollars of taxable property, real and personal, within the corporate limits of the city of Oakland for the acquisition, maintenance and improvement of its public parks and boulevards, and the tax provided for in this section shall be applied to no other use or purpose.

"Section 3. A tax of nine (9) cents is hereby fixed and levied for the fiscal year of 1898-99 on each and every one hundred dollars of taxable property, real and personal, within the corporate limits of the city of Oakland, except in that portion of the city which was annexed in 1897, and the tax so levied and the money arising therefrom, shall be and is hereby set apart and apportioned as follows:

"Bond Interest Fund	$ .033
"Bond Redemption Fund	.055

"Section 4. A tax of eight (8) cents is hereby fixed and levied for the fiscal year 1898-99 on each and every one hundred dollars of taxable property, real and personal, within the corporate limits of the city of Oakland, except in that portion of the city which was annexed in 1897, and the tax so levied and the money arising therefrom shall be and is hereby set apart and apportioned as follows:

"School Building Bond Interest Fund	$ .0325
"School Building and Redemption Fund	.0475

"Section 5. This ordinance shall take effect immediately."

Mr. Heitmann resumed the chair and said that the ordinance would be read a second time and a motion to pass to print would be entertained, but that pending the motion the ordinance, if so desired, could be amended.

The changes in this ordinance from the ordinance just vetoed by the Mayor are as follows: The street fund gets 12½ cents instead of 12 cents; the park fund is reduced from 8 to 4 cents; the fire and police telegraph gets 1½ cents instead of 1 cent; the school fund is raised from 6 to 9 cents; the street light fund gets 17 instead of 15 cents; park and boulevard get 15 instead of 10 cents.

GIRARD'S ORDINANCE.

Mr. Girard said he desired to introduce another tax levy ordinance which provided for a levy of $1.19½ cents on every $100 of taxable property as follows:

General Fund	$ .05
Salary Fund	.08
Fire Fund	.14
Police Fund	.12
Street Fund	.12
Sewer Fund	.01
Park Fund	.01½
Fire and Police Telegraph	.01½
High School	.09
School Fund	.04
Free Library	.04
Street Light	.16
Parks and Boulevards	.10
Bond Interest and Redemption	.09
School Bonds Interest and Redemption	.06
	$1.19½

Mr. Brosnahan moved that the Heitmann ordinance be taken up and discussed. The motion prevailed.

Mr. Girard said that the Heitmann ordinance was the same as his (Girard's) old one except that his (the speaker's) was one cent less. He had shown his ordinance to Mayor Thomas and the Mayor had said that he would not sign the ordinance because it did not give enough for the support of the High School and the public library. The Mayor had told him that he would sign the ordinance if one cent were added to the High School fund. The Mayor would not, he said, sign the Heitmann ordinance for those reasons.

Mr. Woodward said that the Mayor had not said that he would not sign the Heitmann ordinance. The Mayor was not opposed to the levy of $1.21, but to the apportionment of the funds.

Mr. Girard repeated that the Mayor had said that he would not sign an ordinance which did not give a sufficient amount for the support of the High School.

THE MAYOR TALKS.

Mayor Thomas said that he had not said he would sign this or would not sign that ordinance. What he did say was that he would not sign any ordinance which did not provide in a proper manner for the High School.

There was no objection to the amount apportioned to the general fund, five cents and that amount was allowed to stand.

Then the salary fund was considered.

Mr. Pringle wanted to know if an apportionment of seven cents would pay all the salaries.

Mr. Heitmann said he thought it would.

Mr. Pringle said he thought that eight cents was the lowest that they would be able to pay them with.

Mayor Thomas said that a seven-cent allowance would lack $6,300 of meeting all the salaries in full.

Mr. Pringle moved to amend by making the apportionment eight cents.

The motion was lost by the following vote:

Ayes.—Cuvellier, Girard, Pringle—3.

Nays.—Brosnahan, Earl, Henneberry, Watkinson, Woodward, Heitmann—6.

Absent.—Rowe, Upton—2.

Then the fire fund was reached.

Mr. Woodward said that an allotment of fourteen cents would give $59,000 which was a pretty good sum.

No objection was urged and the figures were allowed to stand.

Mr. Pringle thought the police fund should be cut from twelve and a half to twelve cents, and made a motion to that effect.

Mr. Girard seconded the motion.

Mr. Cuvellier said that in advocating a reduction of one-half a cent, he would favor placing the same to the credit of some other fund, the schools for instance.

Mr. Heitmann said that it seemed as if members stood by the figures if the Auditor whenever the figures suited them and rejected them when they disliked them.

Pringle's motion was lost by a vote of seven to two, Pringle and Cuvellier voting in the affirmative.

THE STREET FUND CONTEST.

Mr. Cuvellier moved to reduce the street fund from eleven and a half cents to eleven cents.

Mr. Girard moved to amend by increasing the apportionment to thirteen cents. They could not carry out needed repairs for less than that sum, he said. They could build or repair no cross-walks. They could much better dispense with the services of a couple of policemen. Before the election Mr. Cuvellier was a great advocate of good roads. They had heard him talk in favor of public improvements when he was with the Good Roads Association. Now he was trying to prevent the building of good streets.

Mr. Woodward said that this apportionment would give the streets $48,-742.50.

There was no second to either Girard or Cuvellier's motion and the discussion on the subject dropped.

Mr. Pringle moved to amend by making the sum twelve cents. He said that the vehicle license ordinance was soon to be enforced and that would bring in some money which ought to go to the repairing of the streets.

Mr. Heitmann said the Mayor in his veto had said that there was $37,000 allowed to that fund.

The apportionment was not changed.

The same treatment was given the sewer fund.

Mr. Girard moved that the park fund be raised to one and a half cents. The Mayor had said that $8,000 would be required for the maintenance of the parks and the gardeners. What was the use of having parks if they could not get water and men to keep them in decent condition. He would like to hear what the Mayor had to say on the subject.

Mayor Thomas said that he had said that $7,114 would be required to maintain the parks and the gardeners.

Girard's motion was lost, his vote being the only one in the affirmative.

The allowance for the fire and police fund was permitted to stand.

THE SCHOOLS PROTECTED.

Girard moved that the High School fund be increased from nine to nine and a half cents.

The motion was lost, Girard alone voting for the proposition.

Girard moved to increase the school fund from three and a half to four cents.

Mr. Watkinson said that there was no person who had a higher respect for the schools than he had. The schools were now getting from the county and State more than enough to take care of every child in Alameda county. Besides, everybody knew that one-fourth of the children of the city were in attendance in private schools. And yet, the city was getting enough money to support all the children. The allowance of three and a half cents was ample. Some years ago, they said they couldn't get along, and, at the end of the year, they had a surplus of $7,000 to put into a building. If the schools ever needed any money, he would be one Councilman to vote money enough for them from the general fund.

Mr. Pringle said that the forcing of scholars to take a vacation was doing them an injury. Many of them were the children of poor parents who were working hard to make a living, and when they lost time by closing the schools it was a great damage to them. Besides, many of the scholars were working hard to attend the University, and their progress, too, would be retarded.

Mr. Heitmann said that the teachers had recently held their institute and that during the time, ten days, the schools were closed and the teachers were under pay. There was no consideration of poor children at that time. The teachers did not hold their institute when they had seven weeks of vacation in summer.

Mr. Watkinson said that he had been traveling up north recently, and that with him on the stage was a school teacher of that section and a school director of Oakland. That school teacher had charge of fifty scholars and was teaching at a salary of $50 a month. She did not like those institues either. It wasn't up there as it was here. They didn't get paid up there if they did not attend the institutes as they did here.

Mr. Girard said that the salary of teachers was fixed by the year. It was a State law, and could only be changed by the Legislature.

Mr. Pringle said that when the teachers were attending the institute they were working for the city and were entitled to their pay.

Mr. Heitmann said that the teachers should hold their institutes during the vacation in summer. The city only maintained the schools. There was $235,000 received from the county and State for salaries.

Mr. Girard said there were 2,000 fewer children this year and the allowance from the State would not be so great, and besides there was a larger number of teachers.

"Fewer scholars and more teachers!" exclaimed Brosnahan.

Girard's motion was lost.

GIRARD CHANGES VIEWS.

Mr. Girard wanted the Free Library amount raised from three to four cents. He said he did not think that even four cents would be enough. If they gave less they would have to close up the Library and all the reading-rooms. Those reading rooms were a comfort to men who had no homes and who could go into them and pass the time reading.

Mr. Brosnahan said that, a short time ago, they had a caucus of the Council on the tax levy, and he wanted any member of the body present to correct him if he made any misstatement. When they got on the list as far as the Free Library, Mr. Girard got up and said that he wanted the allowance for the Free Library cut down. He said it was doing no good. The books which his boy was bringing home and reading were ruining his son.

Mr. Cuvellier exclaimed that such was what Mr. Girard had said.

Mr. Brosnahan appealed to other members of the Council, and they also sustained him.

Mr. Girard said that he had changed his mind on the Library, because he had had reason to do so. When he heard the outcry which had been made by the people against the closing of the reading-rooms, he, as a servant of the people, wanted to keep the rooms open.

Mr. Brosnahan said when a man who had talked against the Library got up there and then talked as Mr. Girard talked the other way, it was his (the speaker's) place to call him down.

Mr. Earl said that in his neighborhood there was a reading room. It was up a flight of steps. It consisted of three or four rooms. There was a gentleman in the neighborhood who had a large store, and that gentleman had offered to supply the room, lights, and janitor for $40 a month. The other place, Mr. Earl believed, now cost about $100 a month.

There was no change made in the allowance.

Girard made a motion to reduce the street light fund from seventeen to sixteen cents, claiming that Mr. Britton would be satisfied with that apportionment. The motion was not seconded.

MAYOR FIGHTS FOR THE HIGH SCHOOL.

Then came up the subject of the High School. Mr. Thomas said he thought the allowance would be short on the High School, as $49,000 would be required, and with an allotment of nine cents, only $37,000 could be raised.

Mr. Heitmann said that $1,500 had been added to the amount.

The Mayor said that he thought it would take a levy of ten cents to care for the High School.

Mr. Heitmann said he would be ready to transfer money from the General Fund to the High School Fund if it should become necessary to relieve the High School.

Mr. Cuvellier said he would be willing to vote from the General Fund for the High School Fund and so would all of them.

Mr. Pringle thought that the General Fund might run short.

Mr. Watkinson said they would always have enough in the General Fund.

The original amount in the ordinance was allowed to stand.

The debates on the Park and Boulevard Fund appears elsewhere in this edition.

Girard's ordinance was then indefinitely postponed.

AMOUNT IN EACH FUND.

Under the ordinance which has now gone to print, the various funds will receive the following sums:

General Fund	$21,192 80
Salary Fund	29,668 80
Fire Fund	59,327 60
Police Fund	52,940 00
Street Fund	48,742 60

Parks and Boulevards	63,576 00
Bond Int. and Redemption	72,052 80

OTHER MATTERS.

A resolution granting A. R. Wilson permission to build a sewer by private contract on East Sixteenth street near Second avenue was adopted.

Another granting Hillhouse & Riordan permission to bituminize Eleventh street between Washington and Clay streets was adopted.

An ordinance authorizing the Board of Public Works to purchase furniture, bedding, and bell for Engine House No. 3, at a cost not to exceed $2,900, was referred to the Ordinance and Judiciary Committee.

The Council then adjourned.

NEW TAX LEVY ORDINANCE PASSED BY THE COUNCIL.

The City Council last evening passed to print a new tax levy ordinance fixing the rate at $1.21. A comparison of the new ordinance with the old one is as follows:

GRAIN INJURED BY RECENT RAINS.

Oranges Ripening Fast and the Crop Will Be Large.

Associated Press Dispatches by The Tribune's Special Leased Wire.

SAN FRANCISCO, Oct. 19.—The following summary of the weather and crop conditions existing in California for the past week has been prepared by the California division of the Department of Agriculture.

Temperatures have been slightly above normal during the past week in nearly all portions of the State, and rain has fallen except in portions of the Northwest. Late reports indicate that the grain crop was considerably injured by the recent rains.

Oranges are ripening rapidly, and a large crop is now expected in Southern California and in the Sacramento and San Joaquin valleys. The walnut crop is being gathered; yield and quality are unsatisfactory. Plowing and seeding are progressing in the Sacramento and San Joaquin valleys.

DOTTIE COOK ANNEX WILL BE ERECTED

The plans have been perfected for the "Dottie Cook" annex to the Fabiola Hospital, and work will begin today. The money donated for this purpose was the personal property of Miss Dottie Cook, who died last spring. When death was drawing near Miss Cook requested that her income, amounting to $3,000 be devoted in some way, for the benefit of little children.

Her mother, Mrs. Harritt Lee Cook, after thinking of the matter, offered to build and endow a children's annex to the Fabiola Hospital.

The offer was formally made to the managers and accepted. The plans have been prepared by D. F. Oliver, the architect, and there will be accommodations for eighteen children. The building will be ready for dedication by Christmas.

Mortgage Foreclosed.

Judge Hall has handed down a decree of foreclosure of the mortgage of Joseph Korbel against David Dodge and E. L. Dunshee for the sum of $7,301, and has appointed Peter E. Robertson to sell and dispose of enough of defendant's property to satisfy the claim of plaintiff. The sum allowed by the court for attorney's fees was $250.

New Premier For France.

Associated Press Dispatches by The Tribune's Special Leased Wire.

PARIS, Oct. 19.—The Matin says Premier Brisson, through ill health, wishes to retire from the Cabinet. His successor may be M. Bourgeoise, now Minister of Education.

Italian Sailors Drown.

Associated Press Dispatches by The Tribune's Special Leased Wire.

MONTEVIDEO, Oct. 19.—Part of the crew of the Italian bark Esther have been landed here. The Esther was lost off Cape Santa Maria, four of her crew being drowned.

Wants Goods or Money.

H. Davis has brought suit in Judge Wood's court to recover from M. Garcia and others household goods which plaintiff claims were wrongfully taken away. In default of the goods plaintiff asks that he receive judgment for $106.50 and costs.

PLEASED WITH THE NOMINEES.

Mission Citizens Give County Candidates Hearty Welcome.

The Republican Voters of Washington Township Propose to Stand by the Party Ticket.

Mission San Jose was the scene of much activity last night and yesterday afternoon. Notice had been posted of the Republican rally which was to be held in the town and all the inhabitants were waiting in expectancy for the coming of the county candidates. The hotels made special provisions for the accommodation of a large number of visitors and when they arrived they found a royal welcome awaiting them. The best that the town could afford was placed at the disposal of the candidates.

Most of the nominees had remained over from the meeting held at Irvington the night before and had spent the day in becoming acquainted with the people.

As the evening came on the farmers from the surrounding country began arriving in the town, bringing their families to hear the addresses of the nominees. At dusk the streets of the little burg were filled with people from miles around. They collected in knots and groups and wherever the candidates appeared they were received with an enthusiasm which speaks well for the support which they will receive at the coming election. The inhabitants of Mission San Jose may be rural in their characteristics, but there is no doubt of the interest which they take in politics and the men whom they are to vote for.

A. S. Archibald called the meeting to order and made a few opening remarks. He said: "The nominees of the Republican party are here before you this evening and they are as good men as the party has ever put on the county ticket. The old candidates have been tried and found true and the new ones are representative men of Alameda county. Knowing the way you stand on Republican politics I have no fear for the reception you will give them." (Applause.)

Mr. Archibald then introduced Chas. W. F. Bergman as chairman of the evening.

The chairman then called upon the Young Men's Republican League quartette to start the programme with one of its campaign songs. The young men were received with great applause and made a decided hit every time they appeared on the platform.

J. J. Allen was introduced as the first speaker. He said in part: "We are here before you this evening as the nominees of the convention held at San Leandro. From times long past it has been the custom of the candidates for office to present themselves before those who were to elect them. It is a pretty and a fitting custom, and I think it is proper. There has always been a division of parties. Lately there has been a division into three or four parties, but now three of these parties have for some undefinable reason entered into a combination. The Republican party has always stood by itself. I do not know what the Fusion party represents, but I know that there is one motive force which impels it, and that is the seeking of the offices."

JAMES B. BARBER.

James B. Barber said: "Some of the candidates appear before you for the first time for a political office. The others come for re-election. I am one of the latter. We all want your support. My record is before you, and on November 9th you will have the option of choosing between me and my opponent. If I am elected I will do as I have done in the past, and administer the office to the best of my ability."

FRANK C. JORDAN.

When Frank C. Jordan came forward to address the meeting he was greeted with a hearty ovation. He said in part: "I am well pleased with the reception which I have received here, and I do not think that I will have any reason to regret the vote which will be cast here next election day. As far as my record is concerned, you are no doubt familiar with it. I have no apologies to offer for my conduct in office. I will say that I have never used the office in any way except for what was right. There are some who have been making accusations against me, but they are simply evil minded slurs. I have worked night and day that the voters of this county might have the privilege of casting their ballots in their own precinct. I hope that the voters will not be led away by false statements. I ask you to endorse my record. I ask you to give it your consideration, and I ask you to give me your support at the coming election."

OTHER SPEAKERS.

Arthur W. Feidler then spoke. He said: "I am pleased to be with you as a candidate on the Republican ticket. I feel that we will have a Republican Treasurer during the coming term. There is no reason why there should not be. There are enough Republicans in the county to elect one. This is the first time that Livermore has been represented on the ticket, and I hope that you will give me your support, and also elect the whole county ticket."

Charles H. Spear said in part: "Why did Alameda county have a majority of 5,050 for McKinley? It was for the purpose of maintaining the principles of finance. It might be said that this is an off year and that it would not matter much whether or not the entire ticket is elected. I say that you cannot play with a firecracker at both ends. You must be at either one or the other. If you are a Republican, then vote for the nominees of that party. If you are a Democrat, then stick by those principles. You should follow this rule unless the men on either ticket have done something which makes them unworthy of the respect of honest men. You all agree that McKinley has been the man of the hour. He has been the Gladstone of America. (Applause.) The only way to endorse his administration is to elect the candidates which the Republican party has nominated."

Thomas F. Murphy announced his candidacy and then amused the audience by reciting some funny stories.

Dr. H. B. Mehrmann followed with a few remarks. He said: "All I ask for myself is the same vote accorded the other Republican nominees. The convention at Sacramento nominated the men whom they considered best qualified to fill the offices. The convention at San Leandro did the same. I ask you to compare the whole ticket, from Henry T. Gage down to Constable, with the candidates put up by the other parties. If you are honest in your comparison, I have no doubt as to what will be the result on election day. It is only just and fit that we should endorse the present administration. If you elect E. K. Taylor and William McDonald to the Legislature they will select a Republican Senator who will act in conjunction with Victor H. Metcalf in upholding the administration of William McKinley." (Applause.)

E. B. Thompson announced that he was a candidate for Justice of the Peace of Washington township. He was followed by Samuel Vandervoort, candidate for Constable.

Three cheers were given for the candidates, and the meeting then adjourned.

A SUPPOSED FRIEND

Gave Him a Case of Rheumatism.

"I had been in the habit for many years of drinking strong coffee twice a day without sugar or milk, hoping by that means to moderate the effects upon my nervous system.

"I never suspected the coffee habit had anything to do with my rheumatism, which was so bad that I was unable to get about without crutches, at times.

T. V. NICHOLS, Lawrence, Mass.

"About a year and half ago, I stopped drinking coffee and took Postum Food Coffee, and after a few failures because of improper cooking, finally had it made strictly according to directions (which is easy), and found it of such charming flavor that I have kept up its use ever since.

"Strange as it may appear, the rheumatism disappeared entirely, and I have not had a single attack since. Moreover, my family have all taken on some good, substantial flesh, so that we feel Postum is not only a delicious drink in the taste, but that we are living evidences of its healthful properties.

"The preparation of any sort of food or drink is an important, essential part. I find that many people who have tried Postum go at the preparation in a careless way, that is to say, they put it on the stove and let it stand a few minutes, and think it should be done. We put Postum on in cold water. It takes about 15 minutes before it begins to boil, then we allow it to actually boil 15 minutes, which, as you say, brings out the delicious flavor and good food value.

"Mr. and Mrs. Miller of this city are using Postum right along. Mrs. Miller has been a great sufferer from dyspepsia, had to give up coffee entirely on that account. She enjoys good health now, since using Postum Food Coffee.

"Mr. and Mrs. Hervey of Auburn were troubled in the same way, and have been cured by Postum. Say they never were so well."

WORK OF THE FOOTBALL MEN.

Baseball Players Have Made a Good Record But Will Not Win the Pennant.

The athletic clubs of this city are preparing for a lively season. Following will be found a resume of the principal sporting events of the week.

THE UMPIRE.

One week ago last Saturday the Stanford football team defeated the Olympics twenty-three to nothing. This victory as compared with that of Berkeley the week before was taken as an indication of superiority on the part of the cardinal. However, conservatives argued that the comparative scores formed no criterion upon which to base such a conclusion. They called attention to the variable quality of a football team, and contended that Stanford had a week's advantage in training. But when last Saturday, in a second trial, the Berkeley boys scored but sixteen points against the Olympics, this conservative line of argument was shattered, for with all the advantage which had heretofore been attributed to the Palo Alto boys, Berkeley meted out a less severe punishment than two weeks previous.

If, therefore, there is any merit in deduction from such facts, it would tend to point to the superiority of the cardinals at the present time.

Between this date and that of the Thanksgiving battle there is time for radical change in each team. It is a question of which team can do the most effective work in the month that remains.

* * *

The experience of the Oakland baseball team in its battle for the pennant the past season has demonstrated two facts: First, the apparent inability of opposing teams to score heavily in more than three games of the entire schedule proves the efficiency of our team's battery and field work. The small proportion of games won by our boys indicates their inefficiency at the bat and at base running. Had the Oakland baseball team been handy with the stick and lithe of foot, there is no question but that the pennant would have come to this city.

* * *

If no hitch occurs, another month will hand down to history two of the greatest pugilistic battles ever fought. McCoy is pitted against Maher, while Corbett and Sharkey are also preparing to try again the fortunes of the roped arena. McCoy and Corbett are assumed to be the winners.

RELIANCE CLUB.

The Reliance Club gave a very interesting boxing exhibition last night in its gymnasium. A large crowd assembled to witness the long-heralded bouts and but few went away disappointed. Those who were expecting a red-hot bout between Phil Green, the popular soldier boy, and Bud Parker, the New Orleans unknown, were thoroughly disgusted, for the Southern lad did not essay to box, but simply lay down before his opponent. However, the scientific bout between George Gates of the Alameda Recreation Club, and Jack Dennis of the Olympics more than made up for the rankness of Parker's exhibition. This fight was one of the best ever witnessed in a local arena. Gates won the decision. He is a young "phenom."

The preliminaries were well fought, and created the usual merriment.

In these introductory exhibitions, Al Emery and "Kid" Johnson, weighing in at 125 and 115 pounds, respectively, first appeared. Charles Tye and Joseph Henderson, the latter of Seattle, followed. The last bout was sparred by Ned O'Malia of the Reliance and Tom O'Donnell of Oakland. They weighed 175 and 165 pounds respectively.

The Gates-Dennis fight lasted the full eight rounds, and held the attention of the spectators to the finish. At the sound of the gong the youngsters met with a clash. Gates planted a rigid left on the jaw and Dennis reciprocated with a right in the wind.

The second round was also opened with one of Gates' stiff lefts. Dennis landed a left on the body, and another on the chin. These were returned by Gates with one of his favorite left rib punches.

Gates had a slight advantage in these rounds, but in the third Dennis appeared to strike his gait. He opened with a right on Gates' jaw, and after getting in swift lefts and rights on his opponent's face, landed a hot poke in the stomach. Gates, in the meantime, used his stiff left on head and body, and played lightly about the Olympic man's face. Dennis had the best of it.

From this round on, the young Alameden took the lead in one of the prettiest aggressive fights yet seen in Oakland. He showed remarkable head work, and gradually won from his rival a well-earned decision.

The Reliance Directors were cheered for presenting such a fine evening of sport.

ACME AFFAIRS.

The Acme Club is experiencing a decided boom under the new administration. New members are coming in in large numbers, attractive entertainments are being arranged and everything points to a very successful year.

On October 31st the club will give a ladies' night. A fine programme is being arranged, to consist of exhibitions by members, vaudeville and music. On November 1st the first gentlemen's night of the season will be given. The main event will be a ten-round go between Charles Tye of Oakland and Jimmy Riley of San Francisco. Both of these men are very fast, and the result will be a clever contest. Ed Smith of the Acme Club will meet Jim Doyle of the Olympic Club in an eight-round contest, and there will be a four-round try-out between Brown of Oakland and Warren of Pleasanton, besides several preliminaries.

The following instructors have been engaged, and they are now busily engaged every night: Professor Robert Leandro, gymnasium; Jack Kitchen and Charles Slamberg, boxing, and Paul Corral, wrestling.

The Acme Wheelmen will take part in the monster parade to be held in San Francisco October 29th. They confidently expect to bring back one or two of the valuable prizes offered.

The Acme Vaudeville Team went to Pleasanton Saturday night and gave a show for the benefit of the Bohemian Club of that place. They report a successful entertainment and fine time.

COLORED COUPLE'S DOMESTIC TROUBLE.

Lillie J. Wroute has filed complaint in divorce against John Wroute, the colored politician, alleging extreme cruelty. The couple were married nine months ago.

The plaintiff alleges that her husband has treated her abusively ever since the wedding day, and has often threatened her life.

On one occasion, she says, Wroute drew his razor and drove her from the house, threatening to cut her throat if she dared to return. So frequent were these occurrences, according to the complaint, that she cannot fix the exact dates. On October 1st, she alleges, he drew a revolver and said: "Well, we will die together." The plaintiff says that she was so frightened that she fled from the house and has not since returned. Now she wants a decree of divorce with $50 attorney's fees and $25 per month allmony.

John Wroute is an electrical engineer in the employ of the Pacific Electrical Works at San Francisco. For several years he has taken an active part in Second ward politics and has become a leader of his people.

The Ebell.

William Greer Harrison, author of "Runnymede," which was presented at the Macdonough Theater in Oakland, will lecture before the Ebell Society and invited friends on Thursday evening, on the subject "History." This lecture is specially prepared for the occasion. It will be a literary treat, as Mr. Harrison ranks high among the literati and authors. The Ebell is making its a red letter year in giving these high class entertainments to its members and friends.

Real Estate and Insurance Agent, 1016 BROADWAY, (Evarts Block) Oakland

I have recently read of four cases where Ripans Tabules relieved people from severe suffering which they experienced from the necessity of living in an impure atmosphere. First, there was a man who kept a 10-cent lodging-house in the Bowery, New York. He found that a Tabule taken now and then kept him from getting sick in that polluted atmosphere. Then there was a man who worked in a coal mine in Ohio, where the great distance under the hills made it impossible to get pure air, the air being forced to the men by great fans which would sometimes cease their motion on account of breaks in the machinery and then the air would become very bad indeed, causing pains in the head, dizziness and fainting. This man found a Ripans Tabule taken at such a time would preserve him from the pain he had previously experienced. Another miner, well known in Scranton, Pa., suffered from the foul atmosphere he breathed for so many years in the mines, resulting there from the gases and damp. "My stomach suffered most," said he. Finally he was induced to make trial of Ripans Tabules, and was so much benefited that he now makes a practice of carrying a few of the magic Tabules in his pocket, so as to be able to swallow one at the first sign of approaching trouble. The fourth case is that of a Philadelphia tailor who had charge of the manufacturing department, and was obliged to spend hours at a time in the pressing, sponging and ironing department in an overheated, close room where the atmosphere is very heavy and disagreeable. This resulted in giving him frequent headaches, from which he sometimes suffered great torture. The medicines prescribed by his physician brought no relief, and he was, he said, on the verge of despair when a friend one day advised him to try Ripans Tabules. He did so and the result was that the first two Tabules wrought with him an almost magic change. "I escape all headaches now," he writes, "and no matter how hot the room is, one Tabule does away with all suffering. I always carry some with me for an emergency and can sincerely recommend them."

A new style packet containing TEN RIPANS TABULES in a paper carton (without glass) is now for sale at some drug stores—FOR FIVE CENTS. This low-priced sort is intended for the poor and the economical. One dozen of the five-cent cartons (120 tabules) can be had by mail by sending forty-eight cents to the RIPANS CHEMICAL COMPANY, No. 10 Spruce Street, New York—or a single carton (TEN TABULES) will be sent for five cents.

Do Not Lose Your Vote.

Office of the County Clerk
Alameda County, Cal.

NOTICE IS HEREBY given that all citizens WHOSE NAMES ARE NOW ON THE LAST PRINTED GREAT REGISTER OF ALAMEDA COUNTY, issued October 6, 1896, and who wish to vote at the General Election to be held November 8, 1898, must if they have moved since the date of the last Presidential Election make affidavit and have their registration changed to their present place of residence.

That said transfer affidavits can be taken up to and including October 12, 1898. That deputies throughout the county are authorized to take transfer affidavits in the different towns and precincts of the county without charge. Affidavits can be sworn to before any Justice of the Peace or Notary Public.

That all who make affidavit for transfer will receive postal containing facts of entry contained in affidavit.

Owing to the decision of Judge Prewett of Placer County, that where an entire new registration has not been ordered, registration must continue up to 15 days before November 8, this office has resumed work of registration and affidavits will be taken up to that date.

All voters are requested to see that they are registered in the right precinct before registration closes.

FRANK C. JORDAN,
County Clerk.

Notice is hereby given that in the matter of sale to pay assessments delinquent, together with costs of advertising, in the matter of the opening and widening of Commerce street in the city of Oakland; as to be held by me in front of my office, City Hall, in the city of Oakland, at the hour of 10 o'clock A. M. on Thursday, the 29th day of September, 1898, that said sale was commenced at said time and place, but that pursuant to, and by reason of an order and injunction made and issued out of and by the Superior Court of the county of Alameda, State of California, dated September 26, 1898, by which I was restrained and enjoined from selling or offering for sale any parcels of land under said assessment, and pursuant to said order and injunction the further proceedings under said sale and notice of sale were by me at said time and place postponed until the hour of 10 o'clock A. M. of September 30, 1898, at the same place, and that such proceedings and further proceedings under said notice of sale and sale thereunder would be by me postponed from day to day until ten o'clock A. M. of the succeeding day until said injunction be released, dismissed or made permanent, and that, upon the dissolution of such injunction I will proceed at 10 o'clock on the day following such dissolution with such sale and continue the same until the completion thereof.

Dated September 29, 1898.

M. K. MILLER.
Superintendent of Streets of the city of Oakland.

TENTH AVENUE OPENING.

Street Superintendent's Notice Requiring Payment of Assessments.

Office of the Superintendent of Streets.
Oakland, Cal., September 27, 1898.

In compliance with the law, notice is hereby given that on the 22d day of September, A. D., 1898, I received from the City Clerk of the city of Oakland and the Clerk of the City Council of said city, a certified copy of the written report, assessment and plat accompanying the same, made by the commissioners appointed by the City Council of the city of Oakland, to assess benefits and damages and have general supervision of the proposed work and improvement of the opening and extending of Tenth avenue from the northeastern line of East Twenty-second street to the southwestern line of East Twenty-third street and also from the northeastern line of East Twenty-third street to the southwestern line of East Twenty-fourth street in said city of Oakland, which said report, assessment and plat were filed by said commissioners in the office of the clerk of said City Council on the 15th day of August, A. D., 1898, and passed upon, confirmed, approved and adopted (after notice given of the day fixed upon for hearing said report) by said City Council, at a meeting thereof, held on the 22d day of September, A. D., 1898, and that said assessment therein contained is now due and payable, and is a lien upon all property contained and described therein, as therein assessed for its proportion of the cost of said improvement as shown by said assessment.

Notice is also given that all sums levied and assessed in and by said assessment roll are due and payable immediately, and that the payment of each of the said sums respectively is to be made to me within thirty (30) days from the date of the first publication of this notice, to-wit: thirty days from September 27th, 1898, and that all assessments not paid before the expiration of said thirty (30) days will become and will be declared to be delinquent, and thereafter the sum of five (5) per cent upon the amount of such delinquent assessment together with the cost of advertising each delinquent assessment, will be added thereto.

Dated September 27th, 1898.

M. K. MILLER,
Superintendent of Streets of the City of Oakland and Street Superintendent of the City of Oakland.

JAMES B. BARBER,
Tax Collector of the County of Alameda, State of California.

PROCLAMATION.

State of California,
Executive Department,
Sacramento, July 20, 1898.

Whereas, The Legislature of the State of California, at its thirty-second session, beginning on the fourth day of January, A. D. 1897, two-thirds of all the members elected to each of the two houses of said Legislature voting in favor thereof, proposed the following described amendments to the Constitution of the State of California, to-wit:

AMENDMENT NUMBER ONE.
(Being Senate Constitutional Amendment No. 41.)

A resolution to propose to the people of the State of California an amendment to section eighteen of article eleven of the Constitution, in relation to revenue and taxation, by which it is proposed to amend said section to read as follows:

Section 18. No county, city, town, township, board of education or school district shall incur any indebtedness or liability in any manner or for any purpose exceeding in any year the income and revenue provided for it for such year, without the assent of two-thirds of the qualified electors thereof, voting at an election to be held for that purpose, nor unless before, or at the time of incurring such indebtedness, provision shall be made for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also provision to constitute a sinking fund for the payment of the principal thereof on or before maturity, which shall not exceed forty years from the time of contracting the same; provided, however, that the city and county of San Francisco may at any time pay the unpaid claims with interest thereon for materials furnished to and work done for said city and county during the forty-third and forty-fourth fiscal years, out of the income and revenue of any succeeding year or years; provided, that any and all claims for making, repairing, altering, or for any work done upon or for any material furnished for any street, lane, alley, court, place or sidewalk, or for the construction of any sewer or sewers in said city or county are hereby excepted from the provisions of this section; and in determining any claim permitted to be paid by this section, no statute of limitations shall apply in any manner; and provided further, that the city of Vallejo, in Solano county, may pay its existing indebtedness incurred in the construction of its water-works, whenever two-thirds of the electors thereof voting at an election held for that purpose, shall so decide. Any indebtedness or liability incurred contrary to this provision, with the exception hereinbefore recited, shall be void.

AMENDMENT NUMBER TWO.
(Being Senate Constitutional Amendment No. 40.)

A resolution proposing to the people of the State of California an amendment to the Constitution of the State, by adding a new section, to be known and designated as section seven and one-half, article eleven thereof, providing for the framing, by the inhabitants of counties, of local county government acts for their own government. The said proposed new section to read as follows:

Section 7½. The inhabitants of any county may frame a county government act for their own government, relating to the matters hereinafter specified, and consistent with, and subject to, the Constitution and laws of this State, by causing a board of fifteen freeholders, who have been, for at least five years, qualified electors of such county, to be elected by the qualified electors of such county, at any general or special election, whose duty it shall be, within ninety days after such election, to prepare and propose a county government act for such county, which shall be signed in duplicate by the members of such board, or a majority of them, and returned, one copy thereof to the Board of Supervisors or other legislative body of such county, and the other copy to be sent to the Recorder of deeds of the county. Such proposed county government act shall then be published in two papers of general circulation in such county, or if there be not two such papers, then in one only, for at least twenty days, and within not less than thirty days after such publication it shall be submitted to the qualified electors of such county, at a general or special election, and if a majority of such qualified electors voting thereon shall ratify the same, it shall thereafter be submitted to the Legislature for its rejection or approval, as a whole, without power of alteration or amendment, and if approved by a majority of the members elected to each house it shall be the county government act of such county, and shall in such case become the organic law thereof and supersede any existing county government act, and all amendments thereof, and all special laws inconsistent with such county government act.

A copy of such county government act, certified by the President of the Board of Supervisors or other legislative body of such county, and authenticated by the seal of such county, setting forth the submission of such county government act to the electors and its ratification by them, shall be made in duplicate and deposited, one in the office of the Secretary of State, the other, after being recorded in the office of the Recorder of deeds in the county, among the archives of the county.

All courts shall take judicial notice thereof. The county government act so ratified may be amended, at intervals of not less than two years, by proposals therefor, submitted by the legislative authority of the county, to the qualified electors thereof, at a general or special election held at least forty days after the publication of such proposals for twenty days in a newspaper of general circulation in such county, and ratified by at least three-fifths of the qualified electors voting thereon, and approved by the Legislature as herein provided for the approval of the county government act. In submitting any such county government act, any alternative article or proposition may be presented for the choice of the voters, and may be voted on separately without prejudice to others.

It shall be competent in all county government acts framed under the authority given by this section, to provide for the manner in which, the times at which, and the terms for which the several township and county officers, other than Judges of the Superior Court, shall be elected and appointed; for their compensation; for the number of such officers, for the consolidation or segregation of offices, for the number of deputies that each officer shall have, and for the compensation payable to each of such deputies, for the manner in which, the times in which and the terms for which the members of all boards of election shall be elected or appointed; and for the constitution, regulation, compensation and government of such boards, and of their clerks and attaches; also, to prescribe the manner and method by which all elections by the people shall be conducted; and may in addition determine the tests and conditions upon which electors, political parties and organizations may participate in any primary election.

Whenever any county has, in the manner and method herein pointed out, adopted any county government act, and the Legislature as aforesaid, the directions of sections four and five of this article providing for the uniformity of a system of county governments throughout the State, and likewise providing for the election and appointment of officers, and the regulation of their compensation, shall not apply. Said county government act shall, as to any of the matters hereinabove provided for and declared by such county government act, not be subject to any law or amendment enacted by the Legislature, except by amendment first submitted to the electors and ratified in the manner hereinabove set forth.

AMENDMENT NUMBER THREE.
(Being Senate Constitutional Amendment No. 44.)

A resolution proposing to the people of the State of California an amendment to the Constitution of the State, by adding a new section, to be known and designated as section five and one-half, article six, thereby providing for the organization of a court, to be known as the Court of Claims. The said proposed new section to read as follows:

Section 5½. The Court of Claims shall consist of any three Judges of the Superior Court, who may be requested by the Governor to hold court at the regular terms thereof. The Court of Claims shall have exclusive jurisdiction to hear and determine all claims of every kind and character against the State, under such laws as may be passed by the Legislature, and its judgment thereon shall be final. The terms of the Court of Claims shall be held as follows:

In the city of Los Angeles, commencing on the second Monday of March;

In the city and county of San Francisco, commencing on the second Monday in July, and

In the city of Sacramento, commencing on the second Monday of November of each year.

The Judges holding such term of court shall receive no extra compensation therefor; but shall receive their actual expenses, to be paid out of the general fund of the State Treasury. The Legislature shall enact all laws necessary to organize such court, to provide the procedure thereof and to carry out the provisions of this section.

AMENDMENT NUMBER FOUR.
(Being Assembly Constitutional Amendment No. 37.)

A resolution to propose to the people of the State of California an amendment to the Constitution of the State, amending article eleven, by adding a new section thereto, to be known as section number five and one-half, relating to consolidated city and county governments. The said proposed new section to read as follows:

Section 5½. The provisions of section four and five of this article shall not, nor shall any legislation passed pursuant thereto, apply to any consolidated city and county government, now existing or hereafter formed, which shall have become, or shall become, organized under section seven, or secure a charter under section eight of this article.

AMENDMENT NUMBER FIVE.
(Being Assembly Constitutional Amendment No. 36.)

A resolution to propose to the people of the State of California an amendment of section fifteen and section sixteen of article five of the Constitution of the State of California, by which it is proposed to amend said sections to read as follows:

Section 15. A Lieutenant Governor shall be elected at the same time and place and in the same manner as the Governor, and his term of office and his qualifications shall be the same. He shall be President of the Senate, but shall only have a casting vote therein.

Section 16. In case of the impeachment of the Governor, or his removal from office, death, inability to discharge the powers and duties of his office, resignation or absence from the State, the powers and duties of the office shall devolve upon the Lieutenant Governor for the residue of the term, or until the disability shall cease. And should the Lieutenant Governor be impeached, displaced, resign, die or become incapable of performing the duties of his office, or be absent from the State, the President pro tempore of the Senate shall act as Governor until the vacancy in the office of Governor shall be filled at the next general election when members of the Legislature shall be chosen, or until such disability of the Lieutenant Governor shall cease. In case of a vacancy in the office of Governor for any of the reasons above named, and neither the Lieutenant Governor nor the President pro tempore of the Senate shall succeed to the powers and duties of Governor, then the powers and duties of such office shall devolve upon the Speaker of the Assembly, until the office of Governor shall be filled at such general election.

AMENDMENT NUMBER SIX.
(Being Assembly Constitutional Amendment No. 38.)

A resolution to propose to the people of the State of California an amendment to section six, article nine of the Constitution of the State of California, relating to grammar schools, by which it is proposed to amend said section to read as follows:

Section 6. The public school system shall include primary and grammar schools, and such High schools, evening schools, Normal schools and technical schools as may be established by the Legislature or by municipal or district authority, but the entire revenue derived from the State school fund, and the State school tax, shall be applied exclusively to the support of primary and grammar schools. Grammar schools shall include schools organized in a school district, or union of school districts, having more than one thousand inhabitants, in which a course of study shall be taught which will prepare pupils to enter the agricultural, mining or scientific department of the University of California.

AMENDMENT NUMBER SEVEN.
(Being Assembly Constitutional Amendment No. 24.)

A resolution to propose to the people of the State of California an amendment to section two of article four of the Constitution, in relation to sessions of the Legislature, by which it is proposed to amend said section to read as follows:

Section 2. The sessions of the Legislature shall commence at twelve o'clock meridian on the first Monday after the first day of January next succeeding the election of its members, and shall be biennial unless the Governor shall in the interim convene the Legislature by proclamation. The Legislature shall then remain in session for twenty-five days, after which it must adjourn to some date not less than thirty nor more than sixty days from the time of adjournment. If the two houses fail to agree upon a time at which they will resume their session, the Governor shall, by proclamation, fix a date for such reconvening, which shall be within the limits above prescribed. Upon re-assembling, the Legislature shall complete its session. No pay shall be allowed to members for a longer period than seventy-five days, and no bill shall be introduced in either house, except at the first twenty-five days of the session, without the consent of three fourths of the members thereof.

Now, therefore, pursuant to the provisions of the Constitution, and an act of the Legislature of the State of California, entitled "An act to provide for the submission of proposed amendments to the Constitution of the State of California, to the qualified electors for their approval," approved March 7, A. D. 1893, the above described amendments are hereby published and advertised to be voted upon, by ballot, by the qualified electors of the State, at the election to be held throughout this State on

TUESDAY, NOVEMBER 8, A. D. 1898.

The said proposed amendments are to be separately voted upon in manner and form as follows:

Each ballot used at such election must contain written or printed thereon the following words, whereupon the voter may express his choice as provided by law:

Amendment Number One, being Senate Constitutional Amendment No. 41, (exempting certain claims against the city and county of San Francisco, and the existing indebtedness of the city of Vallejo for the construction of its water works from the provisions of the Constitution requiring such claims to be paid from the income and revenues of the year in which they were incurred.) AN OAKLANDER LECTURES IN PRESCOTT.

Father McNally Gives an Idea of American Manhood.

An Eloquent Effort Which Was Very Highly Appreciated.

Rev. Father McNally, pastor of St. Patrick's Church of this city is on a visit to Arizona, and papers from Prescott in that section show that he is not keeping in the background. "The Pick and Drill" of that place of the 11th inst., tells of an entertainment in which he took part and in which a poem of his was recited. The extract is as follows:

"Miss E. Butler very creditably rendered an original poem by Father McNally, entitled 'Hail to the Flag.' Miss Butler's effort was highly creditable to her elocutionary powers and elicited much applause.

"Rev. McNally was then introduced and at once plunged into his lecture. He is a deep thinker, a forceful speaker, an orator of ability and power and has a pleasing faculty of holding an audience in good humor possessed by few public speakers. He defined American manhood as being all the organs of the body guided by all the organs of the soul; conscience as the lamp of the soul. Washington was the ideal of American manhood—the incarnation of purest patriotism was the speaking-tube of the soul; it gave expression, thought, and lifted people skyward. The best of all knowledge was to know oneself. Man was not the cause of himself, but the effect of the cause—God was the cause. The primary law of God was order, therefore to attain and maintain order, was one of the exalted privileges of the people. The secret of the beauty of American citizenship was American manhood.

"The speaker held his audience for more than an hour, after which cake and coffee was served by the ladies."

San Juan Censor's Vacation.

"We are advised that the Spanish censor has retired from San Juan. Therefore the censorship is abolished."

Musical Training of Canaries.

The musical academy of the canary breeder has its professors, the stamp of whose style is left on the pupils as distinctly as that of the vocal expert influences the student of the conservatory. Every breeder makes it his business to constantly be on the lookout for old cock birds of repute as songsters. These are never used for breeding, but are usually kept in small darkened cages. They are the masters on which the musical education of the young birds depend. When the nestlings are about six weeks old, the cocks are taken away and put in a large cage until they have developed properly. After two months they are put singly into smaller cages and placed in a room with the master bird, yet so that they cannot see each other. Now comes the testing of the young voices, and the breeder listens carefully to judge their quality and the progress the birds are making. The best singers are picked out and put into what are called "singing boxes," small wire, darkened cages, placed inside a tin box. At one side is a curtain, which is withdrawn when the bird is to sing. The greatest care is taken that the canaries never hear an inferior bird, or, in fact, any other sort of bird, as they are apt quickly to learn wrong notes, and to spoil their song. The birds, too, are kept very quiet and allowed to sing only under pleasant conditions, as it is considered that any kind of disturbance or fright is likely to create a broken, jerky kind of melody. The excellence of the song consists not so much in its loudness, or even in its tone, as in varied repetitions of certain strains. Each melody has its special name, and the birds are classed according to the tunes they sing. There are twenty-two different strains, and some birds have a compass of four octaves. The education of the canary involves six months of incessant watchfulness and activity on the part of the breeder. When the bird has reached seven months he is supposed to have acquired his musical education, although a talented pupil is often left with the master somewhat longer in order to gain special finish.

Captain Silas Wright Terry, the new commander of the Iowa, was in charge of the transport Benefit in the Red river expedition, and received the highest praise in Admiral Porter's dispatches.

DR. DUNN TELLS OF EXISTING EVILS.

He Declares the Lake Is at Present a Big Cesspool.

The Health Officer Says That Its Immediate Dredging Is Imperative.

Health Officer, Dr. J. P. Dunn, adds some very pertinent facts to the mass of evidence presented against the unsanitary condition of Lake Merritt, as it exists at present. He has prepared the following statement:

"Editor Tribune: My attention has been called, by some members of the Lake Merritt Sanitary and Improvement Club to an article in the San Francisco Call of Monday, which reads as follows:

"Now comes Dr. J. P. Dunn, the Health Officer, who a couple of nights ago presented his report to the Board of Health, and solemnly and truthfully states that the death rate in this city is remarkably low; in fact, that disease is so well kept in check, and that other things operate to conserve the public health to such a marked extent, that Oakland may truthfully be classed as the healthiest city in the State, perhaps in the country.

"'Now, this is very unkind of Dr. Dunn, because it furnishes Mayor Thomas and the opponents of the lake dredging proposition with all the argument the tried to show that the plague of death will not stalk through this city, even should Lake Merritt not be touched for another year.'

"With regard to the first paragraph I desire to say that I have been absolutely misquoted, nor did I make any such statements as there appear in reference to the second paragraph, I want to be put firmly on record as to my stand on the sanitary aspect of Lake Merritt. In my opinion, in its present condition, it is decidedly unsanitary and a menace to the health of the city. My stand on this matter should be well known inasmuch as repeatedly during my terms as Health Officer in '91 and '93, I urged time and again that the lake be dredged, in order to better its unsanitary condition.

"While I hold that the sanitation of the city, as a whole, is good, still it can be and should be greatly improved, particularly with regard to the marsh land, Lake Merritt and the annexed territory, where the lack of sewers is directly responsible for disease.

"Oakland with its natural advantages, should be the healthiest city in the country.

THE DEATH RATE.

"For the past nine months of this year, the average death rate, per 1,000 population, figures up 11.66. While this is low in comparison to cities with larger populations, it is nevertheless higher than some cities that I call to mind at present. Take for instance, San Diego, where the death rate for September was but seven per 1,000 population. Minneapolis' rate was nine; Dubuque, Iowa, 7.68; Columbus, Ohio, 10.20; Grand Rapids, 10.48; Toledo, Ohio, 10.59, and so on down the list.

"I draw these comparisons, not to show that Oakland is an unhealthy place, by any means, for as I have said, its sanitary condition as a whole is good, but merely to show that I do not believe, as intimated in the Call, that Oakland is perfect and that there is no need of dredging Lake Merritt this year. No one knowing the facts as I do, could make such a statement.

"As far as the condition of the marshes and the lake have a direct bearing upon the health of the community, excerpts from my annual reports, show what my position was at the time and now, if anything, my opinions are even more firmly rooted. In my report of December 31, 1891, I said:

"'The greatest menace to the public health is the sewage draining into and the garbage dumped upon the West Oakland marsh. The next greatest fault of our sanitary condition is the sewage deposited along the marshes and shores of our southern water front, and an evil which threatens the welfare and health of a vast population within our borders is the filling up of Lake Merritt, which, ere long, will be incapable of flushing the main lake sewer, without which this conduit would become in its entire length a festering cesspool. These evils have been pointed out by your honorable board as well as by previous Boards of Health and city authorities, and after mature and careful consideration have proposed a remedy in the issuance of bonds for the purpose of abating the gigantic West Oakland nuisance and for the prevention of further pollution of Lake Merritt and for its preservation as a flushing reservoir for the main lake sewer and the proposed south-side intercepting sewer and the proposed east side lake shore sewer, which are integral parts of the comprehensive sewerage system devised by City Engineer Morgan and Lieutenant Herring, and approved by the Board of Public Works. It, therefore, now rests with the people themselves to decide at the coming election whether they will accept the first great and only efficient remedy ever prescribed for the public health of the city of Oakland.

"Again, in February, 1892, my report in part read:

"'It will be seen that the number of reported cases of zymotic disease in the Seventh Ward is largely in excess of the number for other wards, except in the First and Second, which are immediately affected by the West Oakland marsh, and this is not to be wondered at when it is considered that East Oakland, like the Fourth Ward, which shows a comparatively large number of zymotic cases, is affected unsanitarily by the deposit of sewage along the water front, for when it is considered that very many residents in East Oakland, and especially along the eastern border of the lake, have no sewerage facilities whatever and are living in the most primitive way (when they don't die), polluting the soil for the future as well as their own lives for the present. If the projected improvement of Lake Merritt, however, is carried out, then and only then will the sewerage system be perfected. The unsanitary conditions here referred to, besides lowering the standard of health for particular sections, serve to degrade our general health status.'

"In my March report of the same year appears this paragraph:

"'The continued filling of Lake Merritt with mud increases the sanitary demand for the dredging of the lake, etc.'

'Coming down to my last annual report, in part I said, referring to the year's death rate of 12.22 per thousand:

"'* * * There can be no doubt but that, when our marshes are filled in and drained and some further improvements made in our sewers, this will fall still lower.'

"Referring to marsh lands, my report reads:

"'The condition of our marsh lands needs our most urgent attention, and while it is true that some efforts have been made to remedy the evil, I cannot but think that they are far from being as active as the situation demands. The expense necessary to immediately fill in these marshes and otherwise put them in sanitary condition, would be more than returned to the community in health and lives saved to the surrounding population.'

"Speaking of the sewers, my report read:

"'In regard to sewers, I can only voice the recommendations of my predecessor in this office, namely, that the flushing should be put under the direct control of the Board, as it will be, through its officials, cognizant of those sewers needing this attention, and, further, that certain mains leading into the estuary should be extended into deeper water, in order that the tides may thoroughly wash away the sewage.'

"I am convinced now, even more than I was then, of the absolute need for the dredging of the lake and the abating of these marsh land nuisances. It is a fact that the records of the Health Department show that during a period of twelve months there occurred in East Oakland sixty-five cases of either diphtheria, typhoid, scarlet, or typho-malaria, while in the First Ward there were but thirty-four similar cases. The First Ward has its marsh land on which sewage was dumped, and therefore I chose it with which to make a comparison as it more nearly fits the conditions of the Lake Merritt district.

"There can be but one explanation of the large number of cases of zymotic diseases in East Oakland, which naturally has a good drainage and an elevation which makes its surroundings healthful. In my opinion the cause of so many zymotic diseases in this section is on account of the unsanitary condition of the lake, the ward lying to the windward of the lake and thereby getting the full benefit of sewage gas from the sheet of water.

APPALLING FIGURES.

"It is not the best advertisement for Oakland to have it known, but with Patrick Henry, we had better say, 'Why stand we here idle?' when it is a fact that Lake Merritt and Cemetery creek are veritable cesspools.

"Let us figure a little. Official reports from investigations by the Health department show that at least 1,103 residents of the Cemetery creek district use the sewers or drains into this creek, which continually flows into the lake. This has been going on for many years, but we will say ten years, for example. Let us presume that the sewage during this period was dumped into Cemetery creek and into the lake in one day; then we will find that the waters have been polluted by drainage and sewage from homes containing 4,044,200 people, or over one-eighteenth of the entire population of the United States.

"Again, it is shown by statistics that the per capita amount of waste water deposited through the sewers, including water from sinks, drains, etc., is in the neighborhood of fift ygallons daily. It is therefore but a matter of mathematics to determine that during the past ten years 202,210,000 gallons of filth have been poured into the lake. This seems appalling, but it is nevertheless true.

"Nor is this all. The marsh land between Eighth and Twelfth streets, and even lower down, is contaminated with sewage which has daily been deposited from over fifteen miles of pipes. This land is thoroughly saturated with sewage and the only way, in my mind, to properly remove the existing unsanitary condition is to extend the sewer and bury the present hole so deep that its evils can never reach the surface. This I believe can be easily done in connection with the dredging of the lake, and it will be possible for a beautiful garden spot to smile over what is now a harbor of pollution.

"In conclusion I merely want to say that I trust I have made myself plain enough on this matter, so that my stand for the dredging of the lake and the abating of the existing unsanitary conditions may not be open to question. It is a great evil the city has to grapple with, and I note with pleasure the definite action taken, which I believe will result in one of the greatest and most needed improvements for Oakland. Respectfully yours,

"J. P. DUNN, M.D.

WILL WORK FOR SUCCESS OF THE TICKET.

Fourth Ward Republicans Hold Enthusiastic Meeting.

Frank W. Leavitt Says That Gage Will Be Elected.

GOOD MEN ON THE TICKET.

Supervisor Church is Commended For His Good Work For the People.

A very successful meeting of the Fourth Ward Republican Club was held last evening at People's Hall. President S. W. Getchell presided and called upon W. H. L. Hynes for the first address of the evening.

After speaking at some length upon the success of the Administration the speaker took up the subject of the legislative candidates from this district. Speaking of Frank W. Leavitt he said:

"There is no man who has more faithfully served his constituents than our next Senator, Frank Leavitt. If the Democratic papers could cast one slur upon his record as a public servant you know how readily they would do so in order to favor the candidate of that unholy triple alliance."

He then referred to Joe Kelley and A. A. McKeen, candidate for the Assembly, winding up by saying: "Let us send men to the Assembly whom we know to be true to the party principles."

A. A. McKeen made a short address, during which he referred to Will H. Church and Frank Leavitt, the mere mention of whose names was a signal for applause. He said he hoped both these men would be returned to office by large majorities. Just as he was finishing, Frank Leavitt entered and was given a rousing reception.

FRANK W. LEAVITT.

Being called upon Frank Leavitt stated that the returns from all over the State were the best one could wish for. "In San Francisco prominent Democrats fear that Gage will carry that city," said he, "And the indications are that the Republican ticket will carry the State.

"I want to see you stand by your representative for Supervisor. If you do and hold your end up; poll your full party vote as we are going to do in the Sixth Ward, Will Church will be re-elected. Supervisor. Things are drifting our way and if you get in and work we will win hands down."

After the applause had subsided, President Getchell spoke as follows: "There is no doubt in my mind, but that the Fourth Ward Club will stand solid for Mr. Leavitt, Mr. McKeen and Will H. Church and I am satisfied that ever man in the Fourth Ward will take off his coat and work for Mr. Church. (Great applause.)

When Will H. Church was called upon he asked to be excused as he did not feel like talking.

GOOD OFFICIALS.

J. A. Underwood spoke at some length in regard to the success of the present Administration. Speaking of the candidates on the county ticket for re-election, he said they had all been good officials and should be returned.

J. G. McCall was next called and speaking of the Independent movement, said:

"The sorehead Independent party is dying of its own weight. The time is passed and gone when the Republicans of Alameda county can be hoodwinked. They know this movement is gotten up to try to defeat the Republic ticket. The soreheads could not expect to gain recognition unless they come out and put their shoulder to the wheel.

"I have voted in this city for a number of years and have never seen as clean or satisfactory a ticket as the one we have today. We have some men there who have been tried and found true and they should be returned to the offices.

"Frank C. Jordan is as good a County Clerk as we have ever had. He has taken an interest in his office ever since he was elected. Is that man to be put out of office because a few disgruntled ones say he must go?"

Speaking of Will Church he said: "When you find a man is true blue in politics he is true blue in all things. Will Church I know has been true to his trusts."

In speaking of the remark made by John R. Glascock at a recent meeting of the Good Government Club, he said any school boy could tell where all county monies had gone to if he desired to look into the books of the clerk.

"The County Hospital and Infirmary as well as all things which Mr. Church has had charge of," he said, "and are in far better condition than ever before and he has been a good servant and should by all means be returned. I know the Republicans of the Fourth Ward will go to the polls November 8th and vote for our old friend, Will H. Church."

The speaker then referred to the candidacy of A. J. Johnson for State Printer and urged his auditors to stand by him as a friend of the workingman.

T. F. Mock, John W. Stetson and Mortimer Smith made short addresses and were followed by Miles Doody who referred to John R. Glascock as a nice Southern gentleman who had never spent a dollar with a mechanic in the town. He said Church's opponent was opposed to men who donned overalls.

The club adjourned till next Tuesday evening.

NANCE O'NEIL WAS WELL RECEIVED.

Nance O'Neil opened her engagement at the Macdonough Theater last night in "The Jewess." A large audience was in attendance to welcome the Oakland girl to her home. She certainly received a flattering reception and was the recipient of many beautiful tributes.

Miss O'Neil came up to the expectations of her friends. She is an artist in every sense of the word. This evening she will play "Camille." Miss O'Neil is a star in this character and no doubt a large audience will greet her. Among those at the play last night were:

ONCE MORE AN UNKNOWN IS AT THE MORGUE

The Victim Mangled By Last Night's Berkeley Train.

Nothing Found On His Person to Disclose His Identity.

Another unknown now occupies a slab in the morgue. This time, the deceased is a victim of an accident which occurred last evening at the Broad Gauge Mole when he was horribly mangled by the Berkeley local train which connects with the six o'clock boat from San Francisco. Just how the unknown was struck by the train no one save a little boy knows. Both legs were nearly cut off, the trunk of the body was badly lacerated and the head was almost severed from the shoulders. The deceased was about 45 years of age and was evidently a stevedore. The remains were taken to the morgue but nothing was found which would tend to identify the deceased. The man wore a dark brown jacket, lined with wool and with a velvet collar. He had on heavy shoes, with thick soles studded with heavy nails. He wore overalls. There was nothing found in the pockets save a box of black witchhazel ointment and 25 cents in silver.

The date of the inquest has not yet been decided upon nor will it be until after the remains are identified.

TIPPLING MINISTERS DENOUNCED.

Rev. John Coyle Says Hard Things About Them.

Mrs. Sturtevant-Peet Makes a Very Able Address.

PROGRESS MADE IN THE WORK.

Large Delegation Present at the Nineteenth Convention of the W. C. T. U.

The full number of delegates expected are now in attendance at the convention of the W. C. T. U. At yesterday's session there were enough present to almost fill the First Presbyterian Church.

The report of the secretary showed that there were 126 societies in the State, with a membership of 3,047. The treasurer's report showed these had contributed during the year $4,890.39. Four hundred members have been added to the rolls since the last convention, and all reports show an increased interest in the work.

The address by President Mrs. Sturtevant-Peet was the feature of the afternoon session. She spoke as follows:

"It is because of unnatural and irrational conditions that the Woman's Christian Temperance Union exists. This is the twenty-fifth anniversary of the crusade with which the movement originated. For twenty-five years we have stood for purity and prohibition, ignored by the courts and ridiculed by politicians. It is true the world takes little head of our efforts. Our labor has been for freedom. We look upon evil as the sole and only cause of evil; it is only lack of backbone and moral courage that tolerates the saloon and perpetuates its misery.

"There is too little sympathy and support for the workers of prohibition. Too many people are disposed to palliate the evil which it combats. People who have nothing but convictions upon this subject are traitors, for it is treason for them to ignore their duty toward existing conditions. The world brands us as fanatics. But if to promote purity, to help the fallen, is fanaticism, may God make us all fanatics. Public opinion lauds deeds of charity, yet it brands as fanatics those who try to remove and eradicate the causes of all this poverty and vice which make this charity necessary."

Addresses were made by Rev. John A. Wilson, D. D.; Rev. W. W. Scudder, of Alameda; and Rev. John Coyle, D. D., of Berkeley, said among other things: "Intemperate ministers compromise the morals of their congregation, and, as a stream never rises higher than its source, so the religious feeling of the parish never gets above the same level as that of the minister in charge."

At the evening session, Mrs. Renowden Bailey sang the White Ribbon "Star Spangled Banner." Miss S. M. Severance read a paper, describing the early struggles of the temperance workers in California and elsewhere. Mrs. R. A. Emmons related a number of incidents of the earlier days of the work. Mrs. C. M. Lord read a paper, looking forward to the yet larger triumphs in store for the W. C. T. U. Mrs. Nellie Blessing Eyster closed the evening session by reading a poem of her own entitled, "The House That Gill Built." Throughout the afternoon and evening Mr. and Mrs. A. Doppins, from the East, sang temperance songs.
